YOUR RIGHT TO UNION REPRESENTATION

The U.S. Supreme Court has affirmed a worker's right to union representation anytime that worker reasonably believes a discussion he/she may be having with a supervisor could lead to disciplinary action.

BUT YOU MUST EXERCISE YOUR RIGHT AND ASK FOR REPRESENTATION. "I respectfully request union representation" is all you need tell the supervisor or other management representative.

YOUR REQUEST CAN COME ANYTIME DURING THE MEETING – including the point where a "friendly chat" turns to questions on your job performance. It also may come before the start of a meeting if the intent of the meeting is announced or appears clear.

Following your request, the employer representative should permit you summon a shop steward or other union representative

IF YOUR REQUEST IS DENIED, YOU MAY END THE MEETING OR NOT ATTEND.

Don't try to be your own lawyer. Demand the rights guaranteed by your Guild contract and the National Labor Relations Act.

FOREWORD

This document is the text of the 2005-2008 News Media Guild Agreement with The Associated Press. It is a living document negotiated by the union and the company to set the terms and conditions of employment of the AP's employees who have a continuing relationship. It is like a constitution governing rights and obligations and regulating procedures. It is the ultimate authority in AP's relationship with the approximately 1,700 employees represented by this union.

The contract details rights of the company and the employees—including holidays, vacations, overtime, sick leave, wages, advancement opportunities, health care benefits and pensions. AP's responsibilities to the Guild-covered employees are minimal.

Nothing precludes AP from paying higher wages or providing better benefits or conditions of employment than the minimum specified. However, no employee is permitted to work for less than these minimum standards.

Any benefits that the company provides its Guild-covered employees are required under this contract. The benefits and rights are the result of many years of dedicated service by countless AP Guild members—many of whom contributed time and money, in addition to their regular dues, to guarantee the benefits to employees in the Guild's jurisdiction.

EDITORIAL UNIT AGREEMENT

December 1, 2005 – November 30, 2008

PREAMBLE

This Agreement is entered into at New York, N.Y., on the 21st Day of December, 2005, by and between THE ASSOCIATED PRESS, a New York corporation hereinafter referred to as the "Employer," and the NEWS MEDIA GUILD, a local, No. 31222, chartered by THE NEWSPAPER GUILD-COMMUNICATIONS WORKERS of AMERICA, hereinafter referred to as the "Guild," or "Union," for itself and on behalf of all employees of The Associated Press described in Article 1. for whom the Guild is the exclusive collective bargaining agent.

Article 1 – COVERAGE

1. This Agreement covers all editorial, newsphoto, newsfeatures, broadcast news, business office and photo sales department employees, correspondents (except for those set forth below), the World Service Supervisor English Language Section, Business News Department Supervisor, New York Assignment Editor, World Services Photo Editor, Photo Desk Supervisors, New York General Desk Supervisors, of The Associated Press and wholly owned American subsidiaries employed (working) in the United States; but excluding the officers, general executives, bureau chiefs, and confidential secretaries, news editors, correspondents in correspondencies employing four or more AP personnel (including the correspondent in question); regional newsphoto editors, Washington Photo Supervisor, Washington Metro Editor, APTN Planning Editors, APTN Production Managers, APTN Production Coordinators, APTN Production Supervisors, APTN Assignment Managers, APTN International TV Manager, corporate records clerk, assistants to executives, paymasters and their confidential secretaries, purchasing executive, administrative assistants, chief cashier, World Service Supervisor Latin America Section, Newsfeatures Art Director, Photo Darkroom Supervisor, Deputy Broadcast Editor, engineering employees and all other employees represented by Associated Press System, Communication Workers of America.

2. The type of work normally performed within the bargaining unit by employees covered in Section 1 of this Article shall be performed by employees covered by this Agreement. Such work or work of the same type

ETU-1

but serving the same function, whether performed by presently or normally used processes or equipment or by new or modified processes or equipment, shall be assigned to the employees covered by this Agreement, provided that nothing in this Agreement shall be construed as barring the Employer from discontinuing any of its present operations or effecting technological changes in its operations or as barring non-union employees in the categories excluded from this Agreement under Section 1 of this article from continuing to perform the work done by them as part of their normal function.

Specifically, respecting excluded personnel who are professional journalists, nothing in this article shall prevent them from managing, directing, supervising, overseeing and participating in news, photo and allied operations of the Employer. However, such participation in news, photo and allied operations shall not result in a numerical staff reduction of the employees covered by this Agreement, nor shall it result in any loss of regular pay or removal from entitled classifications or forced transfer from any bureau or department, and, further, such participation in news, photo and allied operations shall not include full-time work on news desks and other news and photo assignments or full-time coverage of continuing news events without the assistance of employees covered by this Agreement.

3. As in the past, this Agreement shall not apply to work traditionally and commonly performed by stringers and freelancers. However, stringers and freelancers shall not be used:

- (a) to perform regularly scheduled bureau or department duties or assignments within bureaus or departments;
- (b) to reduce the overall work force of employees covered by this Agreement or employee benefits under this Agreement;
- (c) to substitute for temporary employees in those projects historically performed by temporaries.

Article 2 – CHECKOFF

1. Upon a regular employee's voluntary written request, the Employer shall deduct such an employee's union dues, and/or assessments, according to a certified schedule to be furnished by the News Media Guild from time to time, from his/her salary account, unless such authorization is revoked in writing by the employee.

2. Such sums shall be paid to the Secretary-Treasurer of the Guild on or before the end of the month in which the deductions are made.

3. All previous voluntary written requests referred to in Section 1 shall

remain in force until revoked under their terms or until superseded by the following form, to be supplied by the Guild.

Such request shall be made to the Treasurer of the Employer on the following form, to be supplied by the Union:

Treasurer
The Associated Press

I hereby voluntarily request and authorize The Associated Press to deduct from my salary account for the first payroll in each calendar month a sum equal to my regular Guild dues, as certified by the Guild Treasurer to The Associated Press.

I further authorize The Associated Press to deduct from my salary account from time to time whatever sums are certified by the Guild Treasurer to The Associated Press as my regular assessments. Such sums are to be paid to the Treasurer of the Guild not later than the end of the month in which the deduction has been made.

I further agree and direct that, except as provided below, this assignment and authorization shall remain in effect until revoked by me, but shall be irrevocable for a period of one (1) year from the date appearing below or until the termination of the Collective Bargaining Agreement between the Employer and the Guild, whichever occurs sooner.

I further agree and direct that this assignment and authorization shall be continued automatically and shall be irrevocable for successive periods of one (1) year each from the date appearing below or for the period of each succeeding applicable Collective Bargaining Agreement between the Employer and the Guild, whichever period shall be shorter, unless written notice of its revocation is given by me to the Employer and to the Guild by registered mail not more than thirty (30) days and not less than fifteen (15) days prior to the expiration of each period of one (1) year, or of each applicable Collective Bargaining Agreement between the Employer and the Guild, whichever occurs sooner. Such notice of revocation shall become effective for the calendar month following the calendar month in which the Employer receives it.

I further agree that should I experience a break in service with The Associated Press that does not exceed 12 months, this assignment and authorization shall remain in effect for up to 12 months during any break in service and the deductions shall resume with the first period after my re-employment.

This assignment and authorization supersedes all previous assignments and authorization heretofore given by me in relation to my Union membership dues.

4. The Guild agrees to indemnify and hold the Employer harmless against any and all claims, losses, and liability for or on account of any employee salary deductions remitted to the Guild pursuant to the terms of this Article.

Article 3 – PAYROLL INFORMATION

1. The Employer agrees to furnish to the Guild the following information and payroll data for employees within Guild jurisdiction solely for use in collective bargaining between the Employer and the Guild.

2. The Employer shall provide the Guild monthly, within 15 days of the month in which the information became effective, with the following information:

(a) For new hires: name, sex, birthday, address, Social Security number, date of employment, classification, department, starting salary, economic differential, experience rating and experience anniversary date.

(b) For deletions: The information in (a) above and the reason for deletion.

(c) For transfers: The effective date and bureau or department transferred to and from, salary and economic differential and any change of status.

(d) In the case of part-time employees the initial report will include the number of hours assigned.

(e) For rehires: The information in (a) above plus the location of previous employment, the date removed from payroll, and the dates of the applicable probationary period as provided for in Article 6 (Job Security), Section 4 for former regular employees or as it applies under Article 20 (Temporary Employees), Section 3.

(f) Merit increases granted, name of the bureau, individual name, salary and amount of the increase granted together with the effective date thereof.

3. Up to thrice annually, upon request the Employer will provide a list of employees exempt from the hours and overtime provisions of Article 19 (Hours, Overtime and Work Schedules) with name, bureau, department, classification and reason for exemption. The Employer also shall supply the Guild annually, on request, a list of employees grouped by bureau and by department.

4. Up to thrice annually, upon Guild request and in a format specified by the Guild, where practical, the Employer will supply the Guild with a payroll list of employees covered in the unit and grouped by classification, and identified by bureau and department. This list will use names, date of birth and include minority grouping, service entry date, full years of service, experience anniversary date, weekly salary, date and amount of last merit increase and any broadcast fees. In the case of commission employees, the list will include the average weekly earnings from commission and guarantees. Also, at the same time, the Employer shall furnish a participation status report (showing the total number of participating employees) on the health, contributory group life and pension plans. By July 15 of each year, the AP will provide to the Guild a numerical breakdown of women, blacks, Hispanics, Asians, Native Americans, disabled persons and Vietnam Era veterans of the bargaining unit to the best of AP's knowledge.

5. The Employer shall supply the Guild no later than each June 1 the following information with respect to the Revised Retirement Plan for employees of The Associated Press represented by the Guild:

- (a) A list of all pensioners in the plan as of the preceding January 1. Such list shall include the date of birth, date of retirement, length of service and amount of benefit
- (b) A list of "inactives" in the plan.
- (c) The annual valuation of the plan as prepared by the actuary.

Article 4 – GRIEVANCE PROCEDURE

1. The Guild shall designate a committee of its own choosing to take up with the Employer or its authorized agent any matter arising from the application of this Agreement or affecting the relations of the employee and the Employer.

2. Grievance procedure shall be initiated at the chief of bureau or department head level, where every reasonable effort shall be made to resolve the differences, except that grievances concerning a dismissal or alleged violation of Article 6, Section 3 of this contract may be taken directly to the

national level. The grievance must be submitted in writing to the Employer within 90 calendar days of the occurrence of the event complained of, or in the case of a suspension, within 90 calendar days after written notice of the suspension is delivered to the Guild office in New York. A copy of the letter of suspension shall be sent to the Guild office within 14 days. Provisions of this article and Article 5 shall not apply on any grievance submitted more than 90 calendar days after the occurrence of the event complained of. The Guild agrees to inform the Employer in advance of the nature of the grievance. This information, to be supplied in writing, shall include pertinent details of the grievance, such as the names of the employees involved, the dates and, in cases of claimed contract violations, the article or articles on which the grievance is based. Once the grievance notification has been given, the grievance shall be settled only through grievance procedure set forth in this article or Article 5; however, only disputes in which it is claimed that an article or articles of this Agreement have been violated may be submitted to arbitration.

- (a) In cases of grievances involving claims of continuing violations, the remedy period shall be limited to 90 days prior to the filing of the grievance.

3. The Employer agrees to meet with the committee within five calendar days after request for such meeting is received in writing as provided in Section 2 above. A maximum of two members of the grievance committee shall be given time off for such meetings, or more if by mutual agreement. If the Employer denies the grievance at the local level, the Guild shall be notified in writing within five calendar days of the last local meeting.

4. The Employer agrees to meet with Guild representatives at the national level on any grievance not settled after reasonable effort at the local level, provided, however, that such request for a meeting at the national level must be made within 45 calendar days of the written denial at the local level. Every reasonable effort shall be made to resolve the differences. No grievance may proceed to arbitration under this article or Article 5 without a national grievance meeting and, further, provisions of this article and Article 5 shall not apply on any grievance submitted at the national level more than 45 calendar days after the written denial at the local level. The Employer agrees to meet with Guild representatives at the national level within five calendar days after written notice to the Employer stating the nature of the grievance, unless this time is extended by mutual consent. A maximum of three members of the grievance committee shall be given time off for such meetings. If the Employer denies the grievance at the national level, the Guild shall be notified in writing within five calendar days after the last national level meeting on the

dispute.

Article 5 – ARBITRATION

1. On the written demand of either party there shall be submitted to arbitration (the procedure for which is set forth below) all disputes arising out of the application of this Agreement, provided, however, that nothing in this Agreement shall obligate the Employer to arbitrate any issue arising out of the Employer's sole responsibility to determine the size and composition of its staff, assignment or reassignment, promotion or demotion of personnel, including correspondents, within the Employer's office or offices in the same city or town as long as the employee's salary and classification are not changed; provided further, however, this does not preclude arbitration of disputes which may arise under Article 8 insofar as that article relates to "no imposition of any unreasonable amount or type of work on any employee." or under Article 6, Section 3.

2. No grievance or dispute may be submitted to arbitration more than 45 days after the written notice of denial on the national grievance level (as described in Article 4, Section 4). In no case, however (rules of the American Arbitration Association notwithstanding), shall an arbitrator be appointed to rule on the issue of arbitrability of any matter arising out of the application of this Agreement if the demand for arbitration is filed after the above time limit is expired. This time limit may be extended by mutual consent.

3. In the event either party raises an issue of arbitrability, excepting the stipulation in Section 2 of this article, the arbitrator appointed shall first rule on the arbitrability issue before proceeding to determine the merits of the dispute if he/she determines the issue to be arbitrable.

4. A grievance under this article shall be submitted for arbitration only by written notice from the complaining party setting forth the grounds of the complaint. Such arbitration shall be conducted according to the voluntary labor arbitration rules of the American Arbitration Association, excepting the stipulations in Sections 2 and 3 of this article. The decision of the arbitrator in any such arbitration shall be final and binding, and the expenses of such arbitration shall be borne equally by the parties, except that no party shall be obligated to pay any part of the cost of a stenographic transcript without express consent.

5. All arbitration demands shall be filed with and administered by the New York City office of the American Arbitration Association. The Association shall provide the parties with a panel of qualified arbitrators from that

location and office. After discussion, the parties shall determine the most appropriate and efficient location for the hearing. In the absence of agreement, the hearing shall be conducted in the city that serves as the control bureau for the location where the grievance arose. Any subsequent days of hearing shall be conducted on an alternating basis between the location preferred by the Guild and the location preferred by the Employer.

Article 6 – JOB SECURITY

1. There shall be no dismissals except for just and sufficient cause. The Guild and the employee shall be notified in writing at least four weeks in advance of any dismissal, with the reason for the dismissal stated in such notice, except in cases of proven financial dishonesty, gross insubordination, gross neglect of duty, or gross misconduct in the performance of his/her duties, or where discharge is self-provoked for purposes of collecting dismissal indemnity. In the latter specified instances oral notice will be supplied to the Guild by the Employer. The Employer may pay four weeks' salary in lieu of notice to the individual.

2. There shall be no dismissals by reason of putting this Agreement into effect. There shall be no reduction in salaries (including bases and rates for computing commissions) except as may be qualified by Articles 25 (Military Service) and 10 (Advancement Opportunities) or by return to their regular assignments of employees who have been temporarily transferred to higher classification work. At the employee's request, and by agreement of the Employer, an employee may be transferred to an assignment of lesser responsibility or compensation.

3. There shall be no discharge of or other discrimination against any employee because of his/her membership or activity in the Guild. There shall be no interference or attempt to interfere with the activities of the Guild. There shall be no discrimination as to age, sex, sexual orientation, race, creed, color, national origin, disability or status as a Vietnam Era veteran to the extent prescribed by law.

4. An employee may be employed for a trial period not to exceed nine months and may be discontinued at any time during such trial period with three weeks' notice or three weeks' pay in lieu of notice. The Employer has the sole right to make this determination, and further, the provisions of Article 5 (Arbitration) shall not apply to an employee discontinued during his/her trial period. Within 10 days after the employee has completed three months, five months and eight months of employment, the employee shall receive a

written evaluation from his/her supervisor. If the second evaluation is not provided by 10 days after the five-month anniversary, the trial period shall be ended. Nothing shall prohibit the Employer from lifting the trial period at any time. Former employees rehired shall undergo a trial period not to exceed three months. Military service shall not count in the computation of the trial period.

5. The Employer shall give regular employees displaced by the transfer of a particular function of a bureau or department the option of accepting a transfer with the function to another bureau or department or accepting dismissal indemnity in lieu of a transfer. In case of the cessation of functions of a bureau or department, the Employer shall offer transfers to the regular employees affected or, if unable to do so, shall reduce the force. Should the employee decline a transfer or be released by reduction of force he/she shall receive dismissal indemnity as provided for in Article 7, Section 5. Acceptance of dismissal indemnity by an employee under either of the conditions set forth above shall be entered on the records as a resignation.

6. In the case of a reduction in staff, the Employer will follow established practice of giving due weight to the seniority of the employees in the same classification in the bureau or department in selecting the employee to be discharged. Specifically, where the senior employee is qualified for the work available, the employee with the least seniority in the affected classification will be selected.

7. Employees dismissed under Sections 5 and 6 of this article shall have their names placed for eighteen (18) months on a preferential list for re-employment in the particular bureau or department concerned and shall be re-employed if a vacancy occurs during that period. Seniority shall prevail on re-employment where employees are qualified for the available work.

8. The Employer will give the Guild not less than six months' notice prior to the installation of new equipment or machinery generally referred to as automation, provided that such installation would result in a reduction of the staff. The Employer will continue its policy of accomplishing any such reduction in staff by attrition, if possible. All employees displaced may elect termination with dismissal indemnity as specified under Article 7, Section 5. Employees with not less than five years' continuous service may apply for existing vacancies in other related classifications within the jurisdiction of the Guild. If such employee is not qualified in the opinion of the Employer for the position sought, the Employer will give a minimum of three and no more than six months' paid training for the new related classification at a rate of pay not less than the beginning scale for the new classification, or at the pay in the

EU-9

employee's old classification, whichever may be higher. In the case of employees who do not elect any of the above options, the Employer agrees to pay school fees or tuition not exceeding \$4,000 per employee for training for other work in a school or institution duly accredited under the Veterans Re-adjustment Benefits Act of 1966 or at another institution acceptable to the Employer. Under this option the employee would receive dismissal indemnity and terminate Associated Press employment.

9. The Employer shall furnish employees a copy of any commendation, criticism, rating or formal comment regarding their overall performance simultaneously with its being placed in the employee's personnel file. The employee shall be entitled to file a response, which the Employer shall place in his/her personnel file. Upon request, each employee shall receive an assessment of his/her qualifications for advancement. Each employee in every classification covered by this Agreement shall receive a personnel evaluation once annually on one of four set dates: March 1, June 1, September 1 or December 1, followed by a conference with the employee's chief of bureau or department head. The employee shall be given a copy of the written annual appraisal to be placed in his/her personnel file, and shall have the right to have a written response entered with it.

10. Editorial assistants, photo assistants and graphics assistants shall not be hired to replace newsmen, photo editors, photographers or artists.

Article 7 – DISMISSAL INDEMNITY/SEVERANCE

1. Except as noted in this article, dismissal indemnity shall be paid to any employee who has completed the trial period and who is discharged, in addition to four weeks' notice of discharge, provided the employee executes a separation agreement and general release of all claims against the Employer except timely filed grievances under this Agreement.

2. Except as noted herein, dismissal indemnity shall be paid in a lump sum at the rate of two weeks' of pay for the first six months of service, plus one week's pay for each subsequent full six months of continuous service up to a maximum of 72 weeks' pay for 426 months or more of continuous service. Employees who are terminated for poor performance will be paid dismissal indemnity in a lump sum at the rate of one (1) week's pay for each full 12 months of continuous service up to a maximum of 36 weeks' pay for 426 months or more of continuous service with the Employer.

3. Indemnity shall be based on the highest regular weekly salary received

by the employee during his/her last continuous employment with the Employer.

4. Dismissal indemnity need not be paid to any employee discharged for proven financial dishonesty, gross insubordination, gross neglect of duty, or gross misconduct in the performance of his/her duties, where discharge is self-provoked for purposes of collecting dismissal indemnity or where the employee does not execute a separation agreement and general release of all claims against the Employer except timely filed grievances under this Agreement.

5. Employees who are terminated due to staff reductions at a new or merged business within 24 months of an entity's acquisition by the Employer will be paid dismissal indemnity in a lump sum at the rate of one week's pay for each full 12 months of continuous service with the Employer up to a maximum of two (2) weeks pay. Except for those employees who are terminated within 24 months of an entity's acquisition by the Employer, anyone covered by this Agreement shall receive a severance payment equal to the dismissal indemnity schedule contained in Section 2 of this article if they are affected by a staff reduction. In addition, they shall receive payments based on the following schedule: two weeks' pay for employees with less than five years of service; four weeks' pay for those with five or more but less than 10 years of service; six weeks' pay for those of 10 years or more but less than 15 years of service; and eight weeks' pay for those of 15 years or more of service. In the case of an employee who worked for another entity at the time it was acquired by the Employer, service time and severance/dismissal pay eligibility shall be determined in accordance with the terms of the buy/sell agreement. But in no case shall the Employer pay any severance under this schedule unless the employee actually is separated from the Employer's service and the employee executes a separation agreement and general release of all claims against the Employer except timely filed grievances under this Agreement.

6. In the event of death before retirement, the Employer shall pay to a designated beneficiary, or the employee's estate if no beneficiary has been designated, an amount equal to the dismissal indemnity to which the employee would have been entitled on termination by the Employer at time of death, provided, however, that no such payment shall exceed \$7,500. The Employer may, however, deduct from the aforesaid amount the proceeds of any group life or casualty insurance to which the employee was entitled by reason of employment with the Employer.

Article 8 – NORMAL WORK

1. The Employer shall determine the size and composition of its staff and shall maintain an adequate working force at all times so that there is no imposition of any unreasonable amount or type of work on any employee. The Employer will take cognizance that additional duties imposed on employees will limit their ability to perform the amount of work previously done.

2. Should the Employer create a new job category or new job duty within the Guild's jurisdiction, the Employer shall notify the Guild and the parties shall negotiate a new minimum compensation. If agreement on minimum compensation cannot be reached, the controversy shall be submitted to final and binding arbitration under the procedure set forth in Article 4 (Grievance Procedure) and Article 5 (Arbitration). A change in the method of operation shall not be considered a new job duty unless such change materially alters the job function. It is recognized that the normal work of wage classification "A" employees covered by this Agreement requires newsgathering and newsreporting in all media formats, which does not materially alter job functions or require additional compensation. Nothing in this Agreement shall preclude the Employer from adopting technological advances in newsgathering, production, and/or distribution and such changes do not constitute new job categories or new job duties.

Article 9 – TRANSFERS

1. The policy of the Employer is to meet the needs of the service and, wherever possible, to provide wider opportunities for employees. Employees desiring transfer opportunities should make known their wishes in writing to their chiefs of bureau or department heads, with a copy sent to the Director of Human Resources in New York, to get them on record for consideration when conditions permit. Transfers to other bureau cities shall be made only by mutual consent of the Employer and the employee, and no employee shall be penalized for refusing to accept a transfer, except as specified in Article 6 (Job Security).

2. The Employer shall pay the transportation expenses of the employee, the employee's spouse, dependent children, same-sex domestic partner as defined under the eligibility requirement for the company health plan and other dependents living in the employee's household at the time the transfer is offered, the transfer of the employee's household goods and effects, the total not to exceed an amount estimated by the employee and approved by

the Employer in advance. The Employer also shall pay living expenses of the employee and aforesaid dependents until the employee finds adequate housing. Settling shall be done as expeditiously as possible, but in no case shall the Employer be required to pay living expenses for more than four weeks. Consideration shall be given by the Employer to those cases in which the need for living expenses exceeds four weeks.

3 In the case of a transfer, or under other circumstances when approved by the Employer, the Employer will pay expenses for one round trip of the transferring employee to the employee's former home as part of the settling agreement. If more than one such trip is required for settling, the Employer shall extend consideration to the affected employee for expenses incurred in the additional trips.

4 There shall be no reduction in salary because of a transfer, unless an employee exercises his/her option under Article 6, Section 2. However, an employee transferring to another bureau city shall receive the economic differential applicable to the city to which he/she is transferred; the employee will be informed in writing before the transfer of any change in the differential. No employee may agree to terms less than those provided by this Agreement.

5 The Employer shall not be bound by Section 2 above when an employee requests a transfer for personal reasons and the Guild office in New York will be advised of any transfers made under this provision. A written request for transfer filed with the Employer as outlined in Section 1 of this article shall not of itself be considered a transfer request for personal reasons.

Article 10 – ADVANCEMENT OPPORTUNITIES

1 (a) Notices for the following promotional opportunities, whether or not covered by this Agreement, shall be posted by the Employer electronically or on clip or bulletin boards in all work locations nationally: photographer, domestic correspondent, full-time designated sports writer, news editor, broadcast editor in designated bureaus, member of the national writing team, member of the regional writing team, newsperson General Desk (New York), newsperson Washington Bureau, newsperson Washington Broadcast News Center (national, but excluding the Metro Desk staff), APTN positions, newsperson Sports (New York), newsperson Business News (New York), newsperson International Desk (New York), chief of bureau and assistant chief of bureau. These notices shall provide employees two weeks from the transmittal date to make application for the positions, except on

those rare occasions when AP needs to fill a particular vacancy more rapidly, in which cases the Employer shall notify the Guild in writing. These notices shall be transmitted to the Guild office in New York.

(b) Notices for vacancies in Class A (newspersons, artists, cartoonists and retouchers) and Class D (programmers) shall be posted by the Employer on clip or bulletin boards in the bureau or department where the opening exists for a minimum of five calendar days before the position is filled.

(c) Notices for vacancies in all classifications not specified above shall be posted by the Employer on clip or bulletin boards in the bureau or department where the opening exists.

(d) Employees desiring transfer opportunities should make known their wishes, in writing, to their chiefs of bureau or department heads, with a copy sent to the Director of Human Resources in New York, to get them on record for consideration when conditions permit, as provided in Article 9 (Transfers). In such cases, the employee may also forward a copy to the chief of bureau or department head in the location to which the employee seeks a transfer.

(e) The notices required by all subsections of this Section 1 that are required to be posted in New York City shall be posted on one centrally located bulletin board for the convenience of employees.

(f) The Employer shall retain the exclusive right to determine who shall fill any vacancy, subject to any applicable provisions of this article.

2. (a) For openings in the Class A classification, preference over new applicants shall be given to the advancement of employees in lower classifications subject to the employees' ability to perform, with the Employer being the sole judge of the employees' ability.

(b) In all other classifications covered by this Agreement, preference shall be given to the advancement of employees in lower classifications subject to the employees' ability to perform. In selecting employees for advancement, the Employer will give preference to length of service.

(c) Nothing herein is intended to exclude other Associated Press employees from consideration.

3. Employees desiring an opportunity to advance to the Class A or Class G classifications may be given tryouts as specified below:

(a) If the tryout occurs because of a vacancy on the regular news staff, the tryout period will not exceed six months, with the employee receiving performance appraisals after two and four months. In the event such employee proves able to perform such duties regularly, he/she shall be given the proper classification on a regular basis. If unable, he/she shall revert to the old classifica-

tion and duties without loss of benefits to which he/she might be entitled.

- (b) If the tryout occurs because of a temporary vacancy or project (such as vacation relief, legislative relief, disability relief or a leave of absence), the tryout period will not exceed nine months, with the employee receiving performance appraisals after three and six months. At the conclusion of such a temporary assignment, before the employee's return to the old classification, he/she will be provided with an appraisal of the work in the higher classification.

4. Employees desiring an opportunity to advance to classifications other than those specified in Section 3 above may be given tryouts for a period of three months, and will be given performance appraisals after one and two months.

5. The salary during such trial periods shall not be less than the employees' wages for their present classification, or the starting minimum in the new classification, whichever is higher.

6. The Employer shall not be required to pay higher classification pay rates to any employees who voluntarily do Class A work for the purpose of advancing themselves, provided that:

- (a) They do not displace another regular employee;
- (b) They are not scheduled regularly for such volunteer work;
- (c) They perform the news work within their regular working hours;
- (d) The volunteer work is not continued beyond a six-month period without agreement by the parties to this contract.

7. Reassignment of an employee to higher classification work shall not be deemed a work schedule change calling for penalty payment under the provisions of Article 19 of this Agreement.

Then, differentials for C and D cities as well as Baltimore, Stamford, Newark, Trenton, and Philadelphia will be rolled into base salaries on the day immediately preceding the effective date of this agreement. Thereafter, differentials will be paid to Class A cities.

S Outside Salespersons

1. The compensation for commission employees of Wide World Photos for the sale of AP-owned pictures shall be calculated annually on the following sliding scale based on changes in sales performance over actual sales on each account during the prior calendar year, regardless of whether the account experienced 12 actual months of sales during the prior year:

- (a) A salesperson increasing sales revenue more than 15 percent would receive a 22 percent commission on all photo sales.
- (b) A salesperson increasing sales revenue in the range of more than 10 percent up to 15 percent would receive a 20 percent commission on all photo sales.
- (c) A salesperson increasing sales revenue in the range of more than 5 percent up to 10 percent would receive an 18 percent commission on all photo sales.
- (d) A sales person increasing sales revenue on an account up to 5 percent or who generated any revenue on an account that in the prior calendar year had zero revenue would receive a 13 percent commission on all photo sales.
- (e) A new account established within the current calendar year shall be commissioned at 22 percent of all photo sales on

that account on a pro-rated basis for the balance of that calendar year. In the following calendar year will be commissioned at levels determined under (a), (b), (c) or (d).

- (f) On a month to month basis, a sales person would be entitled to a draw of 15 percent of collected revenue. At the end of the calendar year, the increases in revenue over the comparable period of the previous calendar year for all accounts shall be calculated and the commission calculation under (a), (b), (c), or (d) would be paid, less the amount already paid out during the year on a month to month basis. If, after reconciliation at year end, the employee has a negative draw balance for the prior year, his/her monthly draw entitlement in the succeeding year shall be suspended until his/her account has reached a point of balance.
- (g) A newly hired commissioned salesperson shall receive an 18 percent commission on all photo sales on his/her accounts until the January 1 that immediately follows his/her date of hire. Thereafter, the employee shall be compensated as per the calendar year basis as described in (a), (b), (c), (d) and (e) above.
- (h) Commission payments, including those on sales of images to existing clients through Panorama, will be calculated under (a), (b) or (c) or (d) above in the calendar year of the sale at the time an invoice is dispatched but will be made only after receipt of payments from billed clients.
- (i) The commission on the direct sale of all non-AP owned pictures will be paid at the rate the individual salesperson is entitled to under the sliding scale formula based on the AP's gross share of the sale.

2. The compensation for commission employees of Wide World Photos for the sale of pictures shall also include a quarterly bonus tied to an individual sales person's quarterly revenue goal.

- (a) A sales person achieving 100% of his/her quarterly revenue goal shall receive 3/4 percent of collected revenue during the quarter, paid at the end of each quarter. This shall apply for each of the four quarters in the calendar year. If the sales person achieves 105% of his/her quarterly revenue goal, the salesperson shall receive 1 1/4 percent of collected revenue during the quarter.
- (b) If at the end of the year, a sales person achieves 100% of the annual goal, the sales person shall be able to earn the total bonus amount calculated under (a). If the sales person achieves 105% of the annual goal, the sales person shall be able to earn the

amount calculated under (a).

- (c) If at the end of the year the sales person has made 100% or 105% of total annual goal (defined as the addition of each quarter's revenue goal), then the sales person shall receive an additional 1/4 percent of annual collected revenue payable in the first quarter of the following year.
- (d) Newly hired commissioned salespeople shall receive a prorated bonus opportunity based on the number of months employed during the first calendar year of employment.

3. Commission employees of Wide World Photos for the sales of pictures shall continue to have accounts assigned to them by the Employer to form their sales account group. The Employer may reassign an account out of an employee's sales account group for the following reasons:

- (a) To consolidate accounts for a common corporate parent, or
- (b) To create a related business account sales group or geographic sales territory consisting of similar businesses or similar geographic based accounts, or
- (c) To attempt to increase performance results for an account if the original employee assigned to the account experienced a decline *in revenue of more than 30% from the prior year without* justifiable business explanation or the account has been inactive with no revenue generated over the previous 60 days, or
- (d) To service an account during an employee's absence of four (4) or more weeks.

When reassigning accounts under criteria (a) and (b), a sales representative affected shall be promptly provided other accounts of similar value. If accounts are assigned under scenario (d), then those accounts shall be restored to the original employee, if and when he/she returns to work.

4. Compensation in any bi-weekly period shall not be less than \$200 bi-weekly. In no cases shall minimum guarantees be decreased during the term of this Agreement by reason of this provision, nor shall this Agreement prevent the Employer from increasing the bi-weekly guarantee to the commission salesperson.

5. Any salesperson who covers his/her bi-weekly guarantee by billing \$1,000 bi-weekly, will receive the following incentive payment, which is to be part of the employee's salary, but is not to be used in calculation of benefits in Section 4 and 6 of this article and Article 28 and Article 29 of this Agreement: \$1,000-\$1,500 in sales, \$10.00; \$1,501-\$2,000 in sales, \$15.00;

\$2,001 and up in sales, \$20.00.

6. For employees working on a commission basis, dismissal indemnity, sick leave and vacation pay shall be computed at the average weekly commission for the preceding calendar year, except for disability absences of a fraction of a week as noted hereafter. Average weekly commission shall mean earnings from the previous calendar year on sales only. Employees working on a commission basis who have six months of employment, but have not completed a calendar year, shall receive dismissal indemnity computed at the average weekly compensation received during their entire employment period.

7. Where a commission employee is absent for a fraction of a week because of New Year's Day, Martin Luther King Jr. Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day and an employee's birthday and personal holidays, the employee's compensation for that week shall include all his/her commissions for the days worked in that week plus the employee's average daily commissions, computed as in Section 4 above. In cases of absences of one to four days due to illness, the salesperson will receive only commissions that accrue during that absence. In cases of absences of one week or more due to illness, the salesperson will receive commissions earned during that absence plus the average daily commissions as computed in Section 4.

8. The holiday provision applies whether the holiday occurs during a regular workweek, or whether the employee is given a day off when a holiday occurs while he/she is on vacation. If the holiday occurs on the employee's regular day off, he/she shall receive an additional day off, on the basis of the formula in Section 4 of this article.

9. Notwithstanding the prior provisions on payments for dismissal indemnity, sick leave, vacation and holiday or any other day for which paid leave is available, the Employer's sole obligation is to make the employee whole for the average weekly commission; if the total value of commissions received in that week should have a value below his/her average weekly commission for the prior year, the Employer will pay up to the per diem value of the average weekly commission for the prior calendar year for a paid day off. In no event shall an employee earn more compensation for a week in which he/she took paid time off, then he/she would have received had the week been worked.

Article 12 – BROADCAST NEWS CENTER

Effective December 1, 2005, Article 12 Section A, "Fees for AP Radio/Broadcast News Personnel" and Section B, "Fees for AP Employees other than AP Radio/Broadcast News Personnel" will be deleted and employees will no longer be paid additional amounts for audio newsgathering or live recorded voice work, including but not limited to recorded or live broadcasts and/or anchoring shifts. Any employee who previously earned such fees, shall have a one-time adjustment to his/her base annual salary. Said amount will be 110% of the value of such fees earned during the period June 30, 2004, through July 1, 2005, or the period of June 30, 2003, through July 1, 2004, whichever period is of greater value. That amount will be added to such employees' base salaries prior to the first general wage increase specified under the collective bargaining agreement.

A

Talent Differentials for AP Radio/Broadcast News Personnel

At least 12 members of The Associated Press Radio/Broadcast News staff shall be paid a talent differential equal to 15 percent of their weekly base salary. Each of the 12 or more employees shall be selected by the Employer at its sole discretion, and the Employer may discontinue the differential for any such staffer at its sole discretion.

B

APTN Scheduling

1. APTN employees who are regularly assigned to go to the scene of a story and whose weekly salaries are at least seven and one-half (7.5) percent above their appropriate wage minima shall be exempt from the scheduling start times and penalties for schedule changes.

- (a) Schedules shall be posted on Friday, sixteen (16) days preceding the week for which they apply, without penalty. The Employer will pay four hours at the overtime rate to each affected employee for each day until a late schedule is posted.
- (b) Days off shall be scheduled and are subject to provisions of Article 19, Section 6.
- (c) No employee shall be scheduled for more than seven (7) consecutive days of work.
- (d) The Employer shall make every effort to minimize the effect of changed schedules on any single employee.
- (e) Should assignments deprive a staffer of adequate rest intervals before time for their next assignment, they shall be provided rea-

sonable latitude in reporting to work, subject to the approval of the chief of bureau or department head in specific situations. Such approval shall not be unreasonably withheld. No deductions from regular salaries or differentials for such time as may be granted under the foregoing circumstance shall be made.

2. AP may schedule Assistant Assignment Managers either according to the provisions of subparagraph 1 above, under Article 19 or according to a flexible schedule of shifts commencing either at 2 p.m. or 9 p.m. and continuing for ten (10) consecutive hours thereafter. In each two (2) week flexible schedule period, regular full-time Assistant Assignment Managers will be scheduled to seven (7) shifts of ten (10) hours each as follows: work four (4) consecutive workdays followed by four (4) consecutive days off and then three (3) consecutive workdays followed by three (3) consecutive days off. After completion of the two (2) week flexible schedule cycle, Assistant Assignment Managers will rotate to the alternate starting time of either 2 p.m. or 9 p.m. for a similar two (2) week work schedule. Assistant Assignment Managers assigned to a flexible schedule are not subject to the provisions of Article 19 of the collective bargaining agreement, except AP will pay one and one-half times an Assistant Assignment Manager's regular rate of pay for all hours worked in excess of forty (40) hours in any one (1) workweek and will make overtime records available for inspection by the Guild upon request.

3. The present practice regarding Master Control Operators shall continue unchanged. The Employer, at its option, may eliminate fortnight work schedules.

Any employee coming within the provisions set forth above shall not receive increases both by reason of an increase in minimums for his/her classification and the general increases specified above, rather the employee shall receive whatever increase is higher.

Article 14 – GENERAL WAGE PROVISIONS

1. Credit in the foregoing classifications, unless otherwise specified, shall be given for equivalent experience acquired in full-time or regular part-time work in each of the classifications specified in the contract. In the classifications of audit clerk and payroll clerk, general office experience (typing, filing and/or computing) shall not, in and of itself, be considered equivalent experience for granting credit in these classifications.

2. In the classification of newsmen and photographers, credit shall be given for experience as a full-time or regular part-time employee of a national press association, news or photo syndicate, daily English-language newspaper, major national weekly news magazine, or radio network or television network newsroom, as a bona fide reporter, news writer, editor, or photographer, as distinguished from part-time stringer work or any work such as editorial assistant, clerk or photographer's helper, which may be related to news or photographic assignments but are not genuine full-time or regular part-time assignments in these classifications. Such credit also shall be given for full-time or regular part-time reporting or news writing on an individual radio or television station. Such credit also shall be given for full-time paid internships at the news organizations listed herein. Such credit also shall be given for regularly assigned and full-time work as a newsmen or photographer for The Associated Press or other major international news organizations abroad. For those working as photo editors, such credit also shall be given for full-time or regular part-time photo editing for photo agencies or magazines. In the case of employees assigned to Spanish-language assignments, full-time or regular part-time news experience on Spanish-language daily newspapers, broadcast stations or networks, national press associations or major news magazines shall be fully credited under this article.

- (a) Experience credit shall not be given for work performed for a college or university newspaper, news station or any other media outlet.

3. Any employee who performs work in more than one classification shall receive the rate of pay of the higher classification for the time worked in such classification, except as modified by Article 10 (Advancement Opportunities). It is agreed that the compensation shall be at least \$15.00 per week more than

the salary for the lower classification if an employee is assigned to perform one-fifth (1/5) or more of the regular full-time weekly schedule in a higher classification in the same week. A day's experience in the higher classification shall be credited for any part of a day worked therein. Any overtime worked in the higher classification shall be compensated at the overtime rate of the higher classification.

4. An employee hired at or advanced to a salary above the minimum for his/her classification experience after the date of the signing of this Agreement shall be credited automatically with an experience equal to or nearest the rating to which his/her salary applies.

5. Employees promoted to the Employer's news or photo staff shall be given credit for experience in the latter classifications at the rate of six months for every year worked as a news dictationist, editorial assistant, photo assistant, graphics assistant, office assistant, information specialist or photo librarian.

Article 15 – SUPERVISORY DIFFERENTIALS

The AP will pay a supervisory differential of \$32.50 weekly to a minimum of 130 employees. Effective 12/1/06, the differential will increase to \$35.00 weekly.

The differential will be paid to individuals regularly working specific supervisory assignments for a period of two weeks or more.

The assignments will be identified by the company based on the unusual degree of responsibility attached to them. Prior to the initiation of the payments, the company will provide the union a list of the assignments for which a supervisory differential will be paid.

The selection of the assignments and the employees chosen to fill them will be at the sole discretion of the company. The differential will be discontinued when the employee is no longer assigned to the supervisory position.

Article 16 – INDIVIDUAL BARGAINING

1. It is the established policy of the Employer to grant salary increases to employees on the basis of individual performance and merit. Such policy

may be continued and the Guild will limit its consultation thereon to verifying (a) the number and (b) the frequency of such increases. Distribution of individual increases during the term of this Agreement will conform to the normal practice of the Employer. It is the normal practice of the Employer to review the performance of each employee at least once during a year, on one of four set dates: March 1, June 1, September 1, or December 1. The Employer will supply the Guild with lists of merit increases to be granted, such lists to contain the name of the bureau, individual name, salary and amount of the increase granted together with the effective date thereof.

2. Any employee represented by the Guild may bargain individually with the Employer as to the employee's hours, wages and working conditions except that he/she may not bargain for terms less than those provided herein.

Article 17 – NIGHT AND SUNDAY DIFFERENTIAL

1. Employees regularly assigned and required to work between 7 p.m. and 6 a.m. (local time) on at least four nights a week shall receive a weekly night differential of \$29.83 if their salaries are less than \$50 weekly, or \$36.04 if their salaries are \$50 weekly or more.

2. Employees regularly assigned and required to work between 7 p.m. and 6 a.m. (local time) on three or fewer nights a week shall receive one-fourth of the full weekly night differential for each such daily trick.

3. Employees regularly assigned to work at any time between 3 a.m. and 6 a.m. (local time) shall receive an additional payment of \$9.60 for each such daily trick but shall receive the full weekly overnight differential of \$38.53 if they work two or more early tricks.

4. Employees regularly assigned and required to work on Sunday and whose Sunday trick begins after 6 a.m. and ends before 7 p.m. (local time) and who are not already receiving a night differential under Section 1 above, shall receive a Sunday differential equivalent to the daily night differential formula in Section 2 of this article.

5. There shall be no deduction of night differential or Sunday differential for holidays off, sick leave, vacations or joint contributions to the Employer's voluntary pension plan.

6. The foregoing schedule of payments does not apply to employees exempted by Article 19 (Hours, Overtime and Work Schedules), Section 10, (a),

(b) and (c).

Article 18 – EXPENSES

1. The Employer shall pay expenses incurred by an employee in the course of the employee's work when the Employer has authorized such expenses. Such authorized expenses shall include transportation, if required.

2. For the authorized use of an employee's automobile, the Employer agrees to pay:

- (a) The established IRS rate when the employee is authorized to use his/her automobile, but not less than \$12.50 per day;
- (b) A weekly allowance to photographers who use their own cars in their work, as opposed to a car leased by the Employer, such allowance being at least five times the daily allowance in Section 2 (a) of this article. The mileage reimbursement outlined in Section 2 (a) of this article shall apply to 50 miles a week for employees on such an allowance for making their automobiles available. Thereafter, the mileage reimbursement shall apply only after the employee receiving the weekly allowance drives on assignment more than 125 miles in a workweek.
- (c) Necessary parking fees where free parking is not available at the place of authorized car use.
- (d) Any photographer receiving the weekly allowance specified in (b) shall not receive such minimum during weeks in which he/she is on out-of-town assignments for the entire week and does not use his/her personal car.
- (e) Any photographer who agrees to make his/her personal automobile for business use and who receives the weekly allowance specified in (b) will be reimbursed for the actual additional cost of the premium needed to insure his/her automobile at the business use rate rather than at the personal pleasure use rate, up to an annual maximum of five hundred dollars (\$500). A photographer must provide one (1) week's advance written notice of a decision to cease business use of his/her automobile and must reimburse the Employer for the business use premium for any period of non-utilization of not less than one (1) week. Employees will provide one (1) week's advance written notice of an intention to resume business use of a personal vehicle.

3. The Employer agrees to notify any affected employees 90 days in advance if a company vehicle is to be supplied for the employee's use. If an

Employee is assigned a company vehicle on a regular basis, the Employer agrees to provide six months' written notice to the affected employee when the vehicle is to be withdrawn. If it is not possible to give the full six months' written notice, then in lieu of notice, the Employer will pay the Employee \$100 a month up to a maximum of \$600. The Employer will reimburse employees promptly for damage sustained by employee-owned vehicles in connection with assigned coverage of civil disorders, riots and insurrections. Other accidental damage to the employee's automobile while on company business, not reimbursed by insurance, will be reimbursed up to \$750. All other accidental damage to employee's personal property while on company business will be considered on a case basis.

4. The Employer agrees to carry Business Travel Accident insurance coverage with a death benefit of \$200,000 for employees who are on assignments. An employee will be reimbursed a maximum of \$5.00 to cover insurance the employee buys on a scheduled passenger airplane flight for business purposes. The employee shall present paid vouchers covering this expense.

5. The AP will replace damaged or stolen cell phones, cameras, laptops and/or digital recorders of Guild employees if the damage or theft occurred during the course of work for the AP and if the equipment was required for the assignment. Employees should use AP equipment instead of personal equipment whenever such equipment is available. (If the employee chooses to use their own equipment when AP equipment is available the damage or theft is not covered.)

Article 19 – HOURS, OVERTIME AND WORK SCHEDULES

1. The normal workweek for all employees except those noted in Section 4 of this article shall not exceed thirty-seven and one-half (37½) hours within any five (5) days of the week, whether consecutive or not. All employees who regularly furnish more than five columns a week shall continue their regular assignment whether or not they work the five-day week.

2. The normal workday for all employees except those noted in Section 4 of this article shall be seven and one-half (7½) hours within eight and one-half (8½) hours. Time worked in excess of seven and one-half (7½) hours but not more than eight (8) hours in any day shall be compensated for at straight time in cash. All time worked in excess of eight (8) hours in any day and forty (40) hours in any week shall be compensated for at time and one-half in cash, including such differentials as may be paid to the employee. The only

exception to the foregoing is specified in Section 10 below.

3 For the purpose of this article, a day off is defined as a minimum of twenty-four (24) hours, except where an employee's days off are split, in which case the minimum shall be defined as twenty-seven (27) hours.

(a) All employees shall be granted a meal break within one hour of the midpoint of the employee's shift, at the employee's option.

4 Employees compensated under Article 11-A (newspersons, photographers, artists, cartoonists and retouchers) and scheduled to work between the hours of 6 a.m. and 7 p.m. (local time) shall have a normal workweek of forty (40) hours. The normal workday for such employees shall be eight (8) hours within nine (9) consecutive hours. Such employees assigned and required to work on Sunday shall have a normal workday of seven and one-half (7½) hours within eight (8) hours of the day.

5. Any employee recalled to duty shall receive not less than four (4) hours at the overtime rate in cash, in addition to any other overtime worked that day. Any employee who works on his/her day off shall receive not less than a full day's pay at the overtime rate, provided, however, that part-time employees will receive overtime payment on a pro-rata basis only for time worked when not scheduled. Except when employees are on a day off or on vacation, employees shall work overtime when reasonably requested or required to do so.

6. Work schedules shall be posted on Friday, sixteen (16) days preceding the workweek for which they apply, without penalty. The Employer will pay four (4) hours at the overtime rate to each affected employee for each day until a late schedule is posted. The workweek shall be Monday through Sunday.

- (a) In unusual circumstances changes may be made within the first week of the 16-day notice period to meet situations previously unforeseeable.
- (b) In the week immediately preceding the workweek, schedule changes may be made only to meet (1) bona fide news emergencies resulting from unforeseeable and extraordinary news developments, or (2) staff emergencies arising because of the illness of one member of the staff or subdivision in a bureau or office where fewer than six newspersons are assigned, or (3) staff emergencies arising because of illness of more than one member of the staff or subdivision in a bureau or office where six or more newspersons are assigned.
- (c) Employees whose posted schedules are changed without the

authority provided to the Employer under Sections 6 (a) or (b) above shall be compensated at the rate of time and one-half for the first day of the changed schedule.

- (d) Schedules may be changed during the workweek only to meet (1), (2) or (3) of Section 6 (b). An employee whose schedule has been changed shall be compensated at the rate of time and one-half for the first day of the changed schedule. An employee whose schedule has been changed shall be paid time and one-half for any overtime worked during the week in addition to the compensation for the schedule change.
- (e) Schedules may be changed without penalty during the workweek to cover the absence of an employee granted compassionate leave (Article 24, Section 7), union leave (Article 24, Section 5) or an FMLA leave (Article 26, Section 5).
- (f) Schedules may be changed without penalty to cover the absence of a person who resigns unexpectedly after a schedule has been posted, or to accommodate a request for Guild leave when fewer than sixteen (16) days' notice has been provided by the Guild representative.
- (g) All schedule changes shall be held to the absolute minimum possible, and in any instance shall involve as few employees as possible. In the event of changes under (a), (b), (d) and (e), the appropriate Guild unit representative shall be notified of such changes.

7. The Employer agrees to make every effort to maintain a regularity of daily working assignments, to give consecutive days off and to provide reasonable rest intervals between the end of a working day and the start of a new day. A minimum of twelve (12) hours shall be allowed in case of the latter. No employee shall be scheduled for more than two (2) different starting times a week, provided, however, that a variance of one (1) hour in either of the maximum two (2) starting times per week shall not be considered to be three (3) or four (4) starting times, nor shall it be a violation of this Section. However, once the second starting time has been established, there can be no return to the first starting time during the employee's workweek. No employee shall be scheduled for more than seven (7) consecutive days of work. The restrictions herein do not apply during weeks in which there are general elections or statewide primary elections.

8. Time spent in traveling on assignment shall be considered working time in the meaning of this Agreement. Nothing herein shall require the Em-

EU-34

ployer to compensate the employee for sleeping time during travel.

9. Employees whose overtime assignments deprive them of adequate rest intervals before time to meet their next regular schedules shall be allowed reasonable latitude in reporting for the next regularly scheduled starting time, subject to the approval of the chief of bureau or department head in specific situations. Such approval shall not be unreasonably withheld. No deductions from regular salaries or differentials for such time as may be granted under the foregoing circumstances shall be made.

10. The following employees normally shall be on a 40-hour week but shall be exempt from the foregoing hours and overtime provisions:

- (a) Employees whose salaries are 10.1 percent per week above their appropriate wage minima and economic differential and who are supervisory employees or who have been designated "special writers";
- (b) Newspersons engaged in any of the following out-of-town assignments: presidential campaigns, conventions and trips, coverage of military maneuvers, actions and press pools; full-time coverage of major league baseball spring training, championship fights, national and international golf tournaments and the Kentucky Derby;
- (c) Correspondents who receive at least 10.1 percent above their appropriate wage minima and economic differential and who supervise two or more newspersons and/or photographers;
- (d) Outside Wide World salespersons whose primary duty is the sale of products and services. The Employer shall supply the Guild in writing the names of employees designated as "special writers" and the description of jobs or assignments which shall be filled by "special writers." The Employer shall notify the Guild promptly of personnel changes in the list of "special writers" or assignments with complete descriptions of such changes when on a regular basis. The designation "special writer" shall mean those who are special writers of analytical and interpretative material and who are special reporters on assignments requiring more than usual enterprise, originality and proven judgment in organizing and analyzing news, and whose working hours are at their own discretion, but does not include those who do analytical and interpretative writing only occasionally. The term "at their own discretion" as used above is intended to recognize that the nature of the assignments of special writers requires some deviations from fixed tours of duty and that immediate control of their assignments by the chief of bureau or supervisor is not always practical. A "special writer" shall not be used in place of a non-

exempt newsperson to avoid payment of overtime at the time and one-half rates. When a "special writer" is assigned to regular news work he/she shall be compensated for any overtime at the rate of time and one-half in cash.

11. Employees who are exempt from the foregoing hours and overtime provisions of this Agreement shall be compensated for time worked beyond forty (40) hours weekly at straight time in cash or time off by mutual consent. In the absence of agreement, the Employer shall determine whether compensation shall be in cash or time off. Such time off shall be taken by mutual arrangement.

12. The Employer shall cause a record of all overtime to be kept. Such record shall be made available for inspection by the Guild upon request.

13. In determining overtime rates in this article, the Employer shall include as part of the base salary for the day or week all differentials due the employee for the workweek in which the overtime occurs.

14. Correspondents in one-person bureaus, and photographers and sports-writers who work alone in their classifications within bureaus or correspondencies by mutual agreement may be exempted from provisions of Sections 6 and 7 herein. The Employer agrees that the exemptions are intended to give the affected employee broader discretion in setting his/her own working hours and shall not be used to avoid payment of overtime. The Employer recognizes the need for and encourages exempted employees to take consecutive days off and ensure rest intervals of at least 12 hours.

15. (a) The Employer will offer to appoint no fewer than twenty (20) employees to the category of *Senior Journalist* and will not appoint more than thirty (30) employees to the category during the life of this agreement. Senior journalists will be paid a salary of at least two times (2X) the top scale weekly minimum rate, as provided under the Class A scales in Article 11, Wage Minima. At least two-thirds of the offers shall be made to employees hired prior to Dec. 1, 2005. Senior Journalists will also be eligible for an annual performance bonus of up to ten percent (10%) of their annual salary, payable at the Employer's sole discretion.

(b) Senior Journalists will perform work that requires a high degree of creativity and intellectual variety and the regular exercise of independent judgment and which does not conform to a regular work schedule. Accordingly, the Senior Journalist will be paid on a salary basis, which will be compensation for any and all work performed in any work week. Similarly, these

employees will be exempted from the collective bargaining agreement's provisions on overtime and scheduling, as well as differentials and/or fee schedules that may be applicable to non-exempt work. Senior Journalists shall not be used in place of a non-exempt newsperson to avoid payment of overtime at the time and one-half rates. Senior Journalists will be afforded reasonable time off and the same vacation and holiday benefits as all other employees.

(c) An employee may decline the Employer's offer of Senior Journalist designation without penalty. The Employer and Senior Journalist shall once annually review the designation and either shall have the option to end the designation upon written notice within forty five (45) days thereafter. Should a personal emergency limit an Employee's ability to fulfill the responsibilities of a Senior Journalist prior to the annual review period, the Employer will reassign the Employee to a non-exempt journalist's position within 45 days of any such request, to the extent permitted by business and operating obligations.

Upon termination of the designation, the employee will be paid at the last wage rate he/she received prior to the Senior Journalist designation, adjusted by any general wage increases that have occurred in the interim, and will return to coverage under the scheduling, overtime and differential provisions of the collective bargaining agreement.

Article 20 – TEMPORARY EMPLOYEES

1. A temporary employee is one who is employed on a special project for up to nine (9) months or for the duration of any leave of absence specified in Article 24 (Leaves of Absence) or Article 26 (Sick Leave), the duration of which shall terminate upon the employee's return to work, whichever is longer. The Guild shall be notified in writing as to the nature of such a project and its duration. A temporary assignment can be made up of a combination of vacation, legislative and disability relief assignments provided the duration is not more than nine (9) months and the duration is specified from the start of employment.

2. Except when a temporary employee is retained to cover a parental leave, workers compensation leave or medical leave for a regular employee, an employee who works as a temporary a total of nine (9) continuous months or more shall be placed for eighteen (18) months on a first-on, first-off preferential list for regular employment. An employee who works several non-continuous temporary stints within the same bu-

reau for a total of 12 months within an 18-month period shall be placed on a first-on, first-off preferential list for regular employment in that bureau. When such an employee is hired for regular employment and will be moving from one city to another, the Employer will reimburse the employee for transportation expenses for all members of his/her household as well as living expenses for one week in the city to which he/she is transferred.

3. Except as provided herein, the first nine (9) months of work as a temporary employee shall fulfill the trial period requirement of Article 6 (Job Security) and the employee shall not be dismissed without just and sufficient cause during the duration of the temporary project. Temporary employees retained to cover a regular employee's parental leave, workers compensation leave or medical disability leave in excess of nine (9) months shall not be deemed to have completed the trial period and will not be entitled to provisions of Article 6, Section 1 (Job Security) and shall remain an employee on trial period for the duration of the assignment. If a temporary employee is rehired, he/she shall receive full credit toward the trial period for the time previously worked. An employee with a six-month break in service may be required to undergo a minimum three-month trial period if the Employer requests such a period. A temporary employee transferred from one city to another city shall receive personal transportation expenses.

4. An employee who has worked as a temporary and becomes a member of the regular staff shall participate in the pension plan after a total of twelve (12) months of employment, regardless of how much of that time was spent on temporary status.

5. Any temporary assignment may be extended by mutual agreement of the Employer and the Guild.

6. Temporary employees shall not be employed where, in effect, their employment would eliminate a regular or full-time employee.

7. Article 22 (Holidays) will apply to temporary employees only if assigned full-time during the week preceding or the week following the holiday week, except that all work performed on a holiday will be compensated at the rate of time and one-half.

8. Time worked as a temporary will be counted for purposes of calculating vacation entitlements under Sections 3, 4 and 5 of Article 23 (Vacations)

herein provided that any break in service between temporary assignments does not exceed twelve (12) months in length. Any vacation liquidated at the end of a temporary assignment will be subtracted from the calculated entitlement for the next year.

Article 21 – PART-TIME EMPLOYEES

1. A part-time employee is one who works regularly fewer than five days or less than 75 percent of a workweek. Part-time employees shall be paid on an hourly basis equivalent to the weekly wage minimum to which they are entitled by their experience, plus ten cents an hour, up to and including 75 percent of the workweek. Part-time employees shall receive all the benefits of this Agreement on a pro-rata basis except that those who work fewer than fifteen (15) hours per week shall not be entitled to coverage under provisions of Article 7, 23, 25, 27, 28, 29 and Article 31, Sections 3 and 4.

2. Part-time employees shall not be used where such use, in effect, regularly substitutes for full-time employees.

3. The termination of a part-time employee shall be subject to the arbitration process described in Article 5 (Arbitration) if the part-time employee has worked more than 150 assignments, including regularly scheduled assignments or any other assignments. However, in no event shall the arbitration process apply as described herein if the part-time employee has worked fewer than nine (9) months for the Employer.

4. The provisions of Article 6 (Job Security), Section 6 notwithstanding, part-time employees may be selected for discharge in a staff reduction before any full-time employees, except for temporary employees. In the case of a reduction in staff, part-time employees with at least two (2) consecutive calendar years of service with the Employer shall be placed for seven months on a preferential list for rehiring to a full-time position.

Article 22 – HOLIDAYS

1. The following days, or days observed as such, shall be considered holidays: New Year's Day, Martin Luther King Jr. Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

2. The employee's birthday will be scheduled as a holiday unless the employee requests a substitute day off. An employee also may select two ad-

ditional days during the year as personal holidays, to be taken at times mutually acceptable with the Employer. In the case of a substitute birthday or personal days, the employee will notify his/her bureau chief or department head at least one month prior to the date of the desired holiday.

3. An employee may substitute any religious holiday for any holiday enumerated in Sections 1 or 2 above.

4. Personal days and the substitute birthday shall be taken during the calendar year. Any such days not taken by an employee in the year in which they are due may be scheduled by mutual agreement by March 31 of the following year, to be taken within the first six months of the year. In the absence of agreement, the company may set the schedule.

5. Any employee required to work on any of these days shall be paid (in addition to his/her salary for that week) at the rate of time and one-half or shall have compensating time off at the rate of time and one-half at the employee's option. Such compensating time off shall be scheduled by mutual agreement between the Employer and the individual. Any such days not taken by an employee in the year in which they are due may be scheduled by mutual agreement by March 31 of the following year, to be taken within the first six months of the year. In the absence of agreement, the company may set the schedule. If the company denies an initial request for use of a single day of CTO, then the company will approve the employee's subsequent request for use of a single day of CTO unless said subsequent request is for time off during a week that contains a holiday.

6. Any employee reporting for duty on any of these holidays shall receive no less than one day's pay at the holiday rate. When Christmas Day and New Year's Day fall on Sunday and are observed on Monday, any employee working on either the holiday or on the day observed as such shall be compensated at the holiday rate. However, when an employee works on both the actual and the legal holiday in either of those instances, he/she shall receive holiday premium compensation for only one day in each case.

7. If a holiday specified above falls during an employee's vacation, he/she shall be given another day off. Work done on a fifth day in a holiday week by any employee whose day off falls on a holiday shall be compensated for by the payment of a day's pay in addition to the regular weekly salary or by time off at the option of the employee.

8. Employees assigned to work after 6 p.m. on Christmas Eve or New

Year's Eve shall receive an additional payment of one-half of the regular hourly rate for any hours of work performed after 6 p.m. (local time) on any regular trick which started before 8 p.m. on these holiday eves.

Article 23 – VACATIONS

1. Employees shall be on a calendar year basis for vacations, with all vacation to be taken in the calendar year in which it is due. The company may designate periods, where scheduled news conditions warrant, placing limitations on the number of people in a bureau or department who can be on vacation at the same time.

- (a) The company shall provide enough scheduling flexibility for employees to take their accrued vacation during the calendar year in which they are entitled.
- (b) Any vacation not scheduled by the employee by August 1 of the year in which it is due may be scheduled by the company to be taken by the end of the year. There shall be no forfeiture of vacation time under this article should the employer fail to schedule the unused time. The company will consider any special or unforeseen circumstances that may result in a need by the employee to reschedule the vacation, and permission to do so will not be unreasonably withheld.
- (c) An employee may begin vacation on any day of the week.
- (d) One (1) time annually upon written request, the company will schedule an employee's regularly scheduled days off at both ends of one or more weeks of vacation.
- (e) An employee may use a maximum of five vacation days in increments of one day or more; if the company agrees, the employee may use more than five days in this way. Requests for a full week or more of vacation may be given preference over requests for partial weeks.
- (f) An employee who is hospitalized while on vacation may substitute available sick leave for vacation for time spent in the hospital.
- (g) An employee who has exhausted his/her vacation entitlement may "borrow" up to five days from the next year's entitlement to care for an ill dependent or a same-sex domestic partner as defined under the eligibility requirement for the company health plan.
- (h) Managers must notify employees no later than December 1st that they may request vacation for the following calendar year. Vacation requests made from the date of notification until March 31st will be scheduled on the basis of seniority, with seniority calculated based on the employee's service entry date. All vacation

requests after March 31st will be scheduled on a first-claimed, first-assigned basis. Scheduled vacations may be rescinded only to meet bona fide news or staffing emergencies resulting from unforeseeable and extraordinary news developments. If an employee's scheduled vacation is rescinded, the employer shall:

- (i) reimburse the employee for the cost of any non-refundable hotel or transportation deposits, fees or tickets on behalf of the employee and members of his/her household who were traveling with the employee, upon satisfactory proof of loss.
 - (ii) allow the employee to reschedule the vacation by March 31st of the succeeding calendar year.
- (i) Employees must make all requests for vacation to business location's designated manager via e-mail at least three weeks in advance of the desired time off. The manager will communicate the approval or disapproval to the staffer promptly and will post an updated vacation selection schedule promptly so staffers will be aware which weeks remain available for selection. Requests for a full week or more of vacation may be given preference over requests for partial weeks.
 - (j) If the vacation selection schedule is posted on AP's computer system, it shall be available to all employees for inspection.

2. Full-time employees shall be eligible as of January 1 following their employment for vacation with regular pay to be taken in the ensuing calendar year, computed on the basis of one working day of vacation with pay for each month or fraction of a month of continuous employment prior to said January 1. However, an employee entering the service on or before May 1 shall be eligible for only one week's vacation upon completion of five months of continuous employment, this week of vacation to be deducted from vacation due on January 1 following employment. Thereafter, full-time employees shall be eligible for two weeks' vacation with pay after each January 1, except as provided below, such vacation to be taken prior to December 31 in each calendar year.

Article 24 – LEAVES OF ABSENCE

1. The provisions of Article 30 (Outside Work), shall apply to all leaves of absence.

2. Applications for all leaves of absence under this article shall be addressed in writing, with the reasons stated, to the Department of Human Resources, at The Associated Press headquarters in New York, with a copy to be furnished to the appropriate chief of bureau or department head. If granted by the Employer, such unpaid leaves shall not be construed as breaks in continuity of service in the calculation of all benefits under this Agreement. Provided an employee returns to work within nine (9) months of the date he/she commenced his/her leave of absence or within the extended leave period permitted for parental leave under Paragraph 6 below or for sick leave under Article 26, then he/she shall be reinstated to the same or similar position in the same bureau or department. Employees who work in correspondencies who have taken a fellowship or sabbatical leave(s) under paragraphs 3 and 4 below and who returns to work beyond nine (9) months from the leave commencement date but prior to the maximum period permitted for said leave may be reinstated to a comparable bargaining unit position, within the control bureau or department for her/his prior position, rather than a position in the correspondency. Employees failing to return to work after the expiration of the applicable maximum period for said leaves shall relinquish all reinstatement and seniority rights. However, for purposes of Article 29 (Pensions), credit in service time spent on such leaves shall not be applied until the employee granted such leave has returned to full-time work with The Associated Press and remains in the employ of the AP for one year.

Unless otherwise provided by law, when an employee takes more than one leave of absence and/or sick leave consecutively, or commences another leave within 12 months of a prior leave, eligibility for reinstatement rights under this Article and/or Article 26 (Sick Leave), will be measured and aggregated from the date the first leave began. For the purposes of non-consecutive leaves within 12 months, periods of Guild leave, sick leave during which payments have been received from the Employer (as opposed to insurance benefits), and compassionate leave will be excluded from the aggregate computation.

3. Employees qualifying for the following fellowships and educational seminars shall be granted leaves for them automatically: Nieman Fellowships (Harvard University); Kiplinger Mid-Career Program in Public Affairs Reporting (Ohio State University); Freedom Forum Asia Fellowships Program for Journalists (University of Hawaii); Michigan Journalism Fellowships (University of Michigan); John S. Knight Fellowships for Professional Journalists (Stanford University); Freedom Forum Media Studies Residential Fellowships (Columbia University); Alicia Patterson Foundation Fellowships; Knight-Bagehot Fellowship Program in Economics and Business Journalism (Columbia University); Yale Law School Fellowships in Law for Journalists (Yale University); *National Arts in Journalism Program*.

After 10 years of employment, and at 10-year intervals thereafter, an employee shall be granted, upon request, unpaid leave for a minimum of nine (9) months and a maximum of two years with the expected duration of the leave indicated at the time the request is made. A minimum of 90 days' advance notice shall be provided in writing. A minimum of 60 days' advance notice of an employee's return date will be provided to the Employer. Unless an employee has received the Employer's prior written approval to engage in specific work during a sabbatical leave, if during such leave the employee works in the news industry, the employee shall be considered to have resigned or retired, whichever is applicable, forfeiting any rights to return to his/her previous position under terms of this article.

5. *In the event the employee is elected or appointed to any Newspaper Guild office or any successor international union, or in the event the employee is elected to represent the Guild or any organization with which The Newspaper Guild is affiliated as a convention delegate in connection with the business of his/her union, such employee shall be given a leave of absence, without pay, should the employee request such a leave. In bureaus of fewer than 25 employees not more than two employees need be granted such leaves at any time. Employees applying for such leaves will, except in emergencies, give the Employer at least two weeks' advance notice of such intention, and shall specify the expected duration of such leaves. Any change in the expected duration shall be called to the attention of the Employer as soon as possible.*

6. (a) After nine months of continuous employment, employees may take up to 18 months of parental leave—with pay for one week—surrounding the birth or adoption of a child. Employees will specify at the time the leave is requested the expected duration of the leave and will provide 60

days' written notice of their intent to return.

(b) If the employee elects not to return at the end of the leave, such action shall constitute a resignation. In the event of a transfer of a function, cessation of a function or reduction in force, an individual on parental leave will have the same rights as other employees under Article 6 (Job Security).

7. Compassionate leave with pay of at least three days shall be granted an employee in the event of a death in the employee's immediate family, including a same-sex domestic partner as defined under the eligibility requirement for the company health plan, and in-laws, or in the event of a family emergency.

2. Any employee who has been on such leave and who has complied with the foregoing conditions but is incapable of resuming employment because of physical or mental disability shall be paid his/her dismissal indemnity at the rate to which the employee would have been entitled had the employee resumed his/her job.

3. Any employee returning from military service shall be employed at the minimum salary for his/her years of experience in his/her classification prevailing at the time of the employee's return, or at the salary he/she received at the time of entering the service, plus all general increases granted during the employee's absence, whichever is higher. Employees returning to the service of the Employer under the foregoing conditions shall receive full experience credit for the time they were on such leave.

4. Any employee who has been on such leave and has returned to duty shall be credited with the experience rating to which his/her salary applied.

5. Dismissal indemnity rating and other rights under this Agreement will be unimpaired; and the period of absence on military leave shall be considered service time with the Employer in computing dismissal indemnity

credit, vacations and sick leave.

6. Any employee leaving for military service as herein described shall receive the proportionate amount of vacation pay or time to which he/she is entitled at the time the employee begins such leave

7. Vacations for employees returned from military service of a year or more will be granted as follows:

- (a) Effective January 1 of the year following their return from military leave, such employees will be placed on a calendar year basis, their accrued vacation credit being computed pro-rata for the *period between their return from military leave and the following January 1*. For purposes of such computation, fractions of a month shall be considered a full month. Employees who have not earned as much as five days' vacation under the pro-rata formula above, shall be granted enough time to complete one week's vacation. This additional vacation grant shall not be counted as accrued vacation in calculating vacation credits due an employee in *the event of termination of the employee's service. In succeeding calendar years their vacation credits shall be the same as for other employees of like service.*
- (b) Such employees returning to the service of the Employer before May 1 in any year shall be eligible to take one week's vacation upon completion of five months of continuous employment; in the year following their return they shall receive the balance of *their accrued vacation, which shall not be less than a week.*

8. The foregoing provisions need not apply to an employee dishonorably discharged from military service.

9. An employee promoted to take the place of one entering such service may, upon the resumption of employment by such employee, be returned to his/her previous position and salary, but at not less than the then current minimum for that position. Any employee so promoted, and while such promotion is temporary, shall continue to receive credit for his/her employment in the experience rating in which the employee is classified. In the event of a subsequent permanent change in employment, and consequent change of classification, the employee shall receive full credit in his/her experience rating in such new classification for the period in which he/she already has been engaged in such new classification.

10. The provisions of this military service clause do not apply to replace-

ment employees hired by reason of absence granted to regular employees for such service, but these replacement employees otherwise shall be covered by all provisions of this contract. Employees hired as military replacements shall receive dismissal pay if released because of the return of an employee from military service.

11. Any employee with more than one year of continuous service, whose military obligation demands attendance at a summer encampment or full-time training exercise or brief National Guard duty which in total would not exceed nine (9) weeks each year (or actual time, if shorter) would receive for the first three weeks of such service the difference between his/her military pay and allowances and his/her Associated Press salary, if the latter is higher. The foregoing applies only to reserve programs of the United States Army, Navy, Air Force, Marine Corps, National Guard or Coast Guard.

(c) Part-time employees who work more than fifteen (15) hours per week but less than thirty (30) hours per week shall be entitled to pro-rata sick leave benefits after two years of continuous service in such assignments, such benefits to be based on the above schedule beginning with (c). Part-time employees working thirty (30) hours or more per week shall receive sick leave benefits in accordance with the above schedule.

(d) A long-term disability plan has been established with an insurance carrier that will provide a disabled or ill employee, who meets plan requirements, with a payment equivalent to sixty (60) percent of regular salary. The maximum payment would be \$45,000 based on the plan's salary cap of \$75,000. The maximum payment would be reduced by any payments received from Social Security, the Company or workers' compensation. At age sixty-five (65), the long-term disability ceases and the regular pension commences.

(e) The Employer shall not be obligated to return any employee to a job if the employee has been on a leave for more than 3 years for any medical reason(s) related to an approved workers' compensation injury or illness or more than two (2) years when the leave is for any other approved medical reasons. Subject to the foregoing provisions, an

employee shall be entitled to return to a comparable position, provided the employee remains qualified to perform the essential functions of the job, with or without reasonable accommodations.

2. The Employer shall give consideration to individual cases where employees suffer extended illnesses which exhaust their normal benefits as computed under the above formula.

3. No deductions shall be made for sick leave from dismissal indemnity or from overtime credited or to be credited to the employee.

4. In computing sick leave, all absences at full pay or half pay during the twelve months immediately preceding the first day of an employee's current illness shall be deducted from the respective amounts of full and half pay sick leave due, as shown by the sick leave schedule.

5. For as long as the federal Family and Medical Leave Act (FMLA) is in effect:

(a) All paid sick leave under this article shall be considered FMLA leave to the extent that it involves a serious health condition and provided that the employee meets the company's medical certification requirements.

(b) The Employer may seek medical certification for absences of more than five consecutive working days. (A single doctor's note will cover intermittent absences due to a single serious health condition.) Under no circumstances will the medical certification requests exceed FMLA guidelines.

(c) It is understood and agreed that any right to benefits or leave provided under this article shall be used and will be credited concurrently with and not in addition to any right provided under the FMLA and other federal law or state law on family, parental or compassionate leave (except bereavement leave).

6. The Employer and the Guild agree that all practical steps should be taken to guard against the filing of improper claims under the sick leave plan detailed in this article. In the event the Employer requires doctors' notes to guard against individual cases of abuse of this article, the Employer shall inform the Guild of that requirement. Any employee who produces a fraudulent doctor's note or makes a fraudulent claim of illness shall be subject to discharge. Such situations shall be considered gross misconduct and dismissal indemnity need not be paid.

7. For any period of disability related to pregnancy or childbirth, an employee will receive whatever sick leave benefits she may be entitled to under this article plus any additional amounts which may be required by law in the jurisdiction where she is employed.

8. An employee will be entitled to eight weeks of sick leave at full pay upon giving birth, or the amount she is due under this article, whichever is greater.

All other expenses related to attending such meetings will be the sole responsibility of the Guild.

Article 32 – HEALTH & SAFETY

1. staff aware of the need to perform its work in a manner that does not increase exposure to injury. Employees will not be required to remain at a video display terminal work station for unreasonable periods of time without taking breaks to rest their eyes or bodies.

8. The Employer will maintain a training program on the proper use of video display terminals, as well as the lifting and carrying of photographic, video and/or audio equipment. Attendance at such classes will be mandatory. The Employer will quarterly provide the union with a report on the types, level and location of training.

AP agrees that its managers will be instructed to be aware of RSI and WMSDs, to help the staff prevent injuries and to notice signals of developing problems so proper treatment can be obtained. Likewise, members of the staff must maintain good work habits to avoid RSI, WMSDs and other injuries.

As part of a continuing program to provide a workplace free of RSI and other injuries, the AP will:

- (a) Meet annually with the Guild and a nationally recognized health organization or consultancy to provide managers and staff with the latest information about the prevention and treatment of RSI, WMSDs and about proper work station design, including fully adjustable CRTs, keyboards, CRT stands and chairs, as well as injuries resulting from the lifting and carrying of equipment. AP will retain services of a nationally recognized health organization or consultancy that is mutually agreed on by the Employer (if we can not agree, we will use New York University) and the Guild for the purpose of conducting a baseline ergonomic study of photographers and videographers, with such research to be completed on a schedule set by the Employer and the Guild.
- (b) Provide each employee with information regarding such injuries, including (but not limited to) fact sheets, booklets and description of useful exercises designed to help prevent the problem. The AP will ensure that all control bureaus have access to an electronic media presentation on RSI and ergonomics (including the lifting and carrying of equipment) which will be available to everyone.
- (c) Provide new employees with information concerning such injuries as part of the normal orientation process.
- (d) When new information on RSI, Ergonomics and the lifting and carrying of heavy equipment becomes available, or when there are changes in bureau locations, or new work environments

are created, the Employer will schedule instruction by trained instructors, which will occur at the control bureau on one (1) occasion prior to November 30, 2005. This instruction will be provided on company time and will include information on (but not limited to) the following topics:

- How to seek medical treatment, including diagnostic examinations, through workers' compensation and/or the AP's health insurance plan. AP will assist employees with the filing and processing of their workers' compensation claim forms to expedite claims payments.
 - Musculoskeletal problems associated with improper CRT use, and the lifting and carrying of heavy equipment, and the importance of proper and continuous readjustment of workstations and other techniques to prevent such problems.
 - The company will continue its policy of working with anyone having difficulty with or desiring specific ergonomic equipment and for work stations to be reconfigured to prevent or help alleviate RSI. This policy will include, but, not be limited to, adding special wrist and foot rests, telephone headsets, height-adjustable chairs, height and angle-adjustable CRT screens, anti-glare protection and copy stands. Photo and video-related equipment will include, but not be limited to, lightweight cameras, laptops, and batteries; laptop stands; backpacks; harnesses; belts; belt packs, carrying cases; and rolling carts.
 - The company's policy that employees are not required to remain at workstations for unreasonable periods of time without taking breaks and that such breaks are encouraged and should be part of their routine. Employees have the flexibility to take breaks of the number and length they feel necessary to give their eyes and bodies adequate rest.
 - (a) As part of the continuing RSI-prevention program, and to prevent injuries resulting from the lifting and carrying of equipment, the AP also will bring in ergonomics professionals, including the company's workers' compensation insurance carrier, as necessary, to evaluate AP bureaus and departments and to work directly with staffers who may be experiencing such problems.
9. The Guild shall designate one member of its Health and Safety Committee to serve as Health and Safety Coordinator. The Guild's Safety Coordinator shall suffer no loss or reduction in regular wages and/or benefits

because of time spend in meetings with the Employer, or while attending safety related training and seminars presented by the Employer. All other expenses related to attending such meetings will be the sole responsibility of the Guild.

The Employer also agrees to pay the cost of tuition for the Guild's safety officer to attend two safety related training or seminars that have been agreed to by the Employer and approved in advance. All other expenses related to the Safety Coordinator's attendance at such training or seminars will be the sole responsibility of the Guild.

10. The Employer shall undertake a health study on photographer work, which shall be performed by a mutually acceptable, qualified third party.

Article 33 – SEVERABILITY

If any article or section of the collective bargaining agreement is declared illegal by final judgment of a court of competent jurisdiction, including appeals if any be taken, such invalidation of such article or section shall not invalidate the remaining portions of the collective bargaining agreement and the parties shall meet to negotiate a provision that will meet the requirements of the law in the questioned clause.

Article 34 – NON-INTERFERENCE

The Guild agrees that it or its members, acting upon authority of the Guild or any local or unit thereof, except upon breach of the terms of this Agreement by the Employer, will not interfere directly or indirectly in any way with the production, distribution or delivery of any news, broadcast audio or TV news, feature or newphoto or other service of the Employer which the Employer may at any time be obligated by contract to deliver to any member, firm, corporation or person.

Article 35– DURATION AND RENEWAL

This Agreement is effective as of December 1, 2005, and shall terminate at midnight November 30, 2008. Within the 45-day period immediately before the termination of this Agreement, the Employer or the Guild may initiate negotiations for a new Agreement to take effect at the termination of the present Agreement.

Should agreement not be reached on the expiration date, the contract will remain in full force until one party provides 14 days' written notice of its intention to terminate the Agreement.

Re: Health Plan Agreements

Dear Tony:

This will confirm our agreement regarding the managed care health program for Editorial Unit and Technology Unit employees:

The health insurance program consists of two plan options (Buy-Up and Core) where the Buy-Up option will offer a richer benefit (similar to the existing plan) and the Core option will offer a smaller employee contribution. The plans will have the following characteristics:

Point of Service (POS) – Buy-Up Option

1. The Buy-Up point of service (POS) arrangement will allow each covered individual to select a primary care physician who may serve as a gatekeeper to provide family medical care. Participants may also select any doctor whether they are in or out of the plan network.
- a. There will be no annual deductibles or claim forms for people using the POS managed care network. All medical services provided by the POS plan will be fully paid after the following participant co-payments at the time service is provided:
 - i. Hospital Admissions: \$100 co-payment.
 - ii. Emergency Room: \$50 co-payment (includes the cost of the attending physicians and diagnostic services such as x-ray readings). There is no coverage for non-emergency care in the emergency room.
 - iii. Doctor's office visits and urgent care: \$20 co-payment per visit. There can be circumstances, such as pregnancy, where a (one-time) \$20 co-payment may be applied by the POS plan.

The POS plan includes Preventative Care, such as annual physicals and on-

going baby care, on the same \$20 flat fee basis. Flu shots are available to employees annually free of charge from their PCP. (If the PCP submits a bill for an office visit, a \$20 co-pay will be required.)

2. Employees who live in areas served by the POS plan selected by the AP may elect at any time to go to a doctor or hospital not in the network, but will be subject to the following charges:
 - a. Expenses will be reimbursed after annual deductibles of \$300 per person and \$600 per family are applied to all "out-of-network" services.
 - b. All reasonable and customary expenses over and above the deductible—hospital, and doctor visits—will be on a shared basis with the employee paying 30% and the plan, 70%.
 - c. The maximum annual "out-of-pocket" cost will be \$1,850 per person, or \$3,700 per family.
 - d. Preventive Care mentioned for network participants will not be covered "out-of-network."
 - e. Claim forms will need to be filed with the carrier to obtain reimbursement for medical care obtained "out-of-network."
3. The AP will continue the "managed care" network for delivery of mental health and substance abuse treatment. Under the plan, a covered employee (or plan member) needing treatment for a mental health or substance abuse problem would call an 800 number. A service representative would talk to the member about the problem and refer him/her to a psychiatrist, psychologist or other provider in the member's community.

A member who makes use of a professional recommended by the network will receive benefits, which are 100 percent for in-patient care after a \$100 co-payment. For out-patient care, treatment is paid at 100 percent after a \$20 co-payment.

A member could choose to be treated by a non-network provider but would be subject to the charges described in Section 2 above.

The following annual visit limits will apply to POS, Out-of-Area, Core and Buy-Up plans: Chiropractic, Therapies and Mental Health Substance Abuse visits: 30 visits per calendar year, Home Health Care and Private Duty Nursing: 120 visits per calendar year.

Point of Service (POS) - Core Option

1. The Core point of service (POS) arrangement will allow each covered individual to select a primary care physician who may serve as a gate-

keeper to provide family medical care. Participants may select any doctor whether they are in or out of the plan network.

- a. There will be no annual deductibles or claim forms for people using the POS managed care network. All medical services provided by the POS plan will be fully paid after the following participant co-payments & coinsurance at the time service is provided:
 - i. Hospital Admissions: \$150 co-payment and 90% coinsurance.
 - ii. Emergency Room: \$50 co-payment (includes the cost of the attending physicians and diagnostic services such as x-ray readings). There is no coverage for non-emergency care in the emergency room.
 - iii. Doctor's office visits: \$20 co-payment per visit for PCP: \$30 co-payment for Specialist.

The POS plan includes Preventative Care, such as annual physicals and on-going baby care, on the same \$20 (\$30 for specialist) flat fee basis. Flu shots are available to employees annually free of charge from their PCP. (If the PCP submits a bill for an office visit, an office visit co-pay will be required.)

2. The Core point of service (POS) arrangement will allow each covered individual to select a primary care physician who may serve as a gate-keeper to provide family medical care. Participants may select any doctor whether they are in or out of the plan network.
 - a. Expenses will be reimbursed after annual deductibles of \$500 per person and \$1,000 per family are applied to all "out-of-network" services.
 - b. All reasonable and customary expenses over and above the deductible—hospital, and doctor visits—will be on a shared basis with the employee paying 40% and the plan, 60%.
 - c. The maximum annual "out-of-pocket" cost will be \$5,000 per person, or \$10,000 per family.
 - d. Preventive Care will not be covered under the POS plan "out-of-network."
 - e. Claim forms will need to be filed with the carrier to obtain reimbursement for medical care obtained "out-of-network."
3. The AP will continue the "managed care" network for delivery of mental health and substance abuse treatment. Under the plan, a covered employee (plan member) needing treatment for a mental health or substance abuse problem would call an 800 number. A mental health professional would talk to the member about the problem and refer him/her to a psychiatrist, psychologist or other provider in the member's

community.

A member who makes use of a professional recommended by the network will receive benefits, which are 100 percent for in-patient care after \$150 co-payment. For outpatient care, treatment is paid at 100 percent after a \$20 co-pay.

A member could choose to be treated by a non-network provider but would be subject to the charges described in Section 2 above.

AP employees working or residing in areas not served by the POS network selected will be eligible to continue coverage under one of the two AP Preferred Provider Organization (PPO) plans (Core or Buy-Up) until the POS service area is expanded to include them.

Out-of-Area – (PPO-Preferred Provider Organization) – Buy-Up

1. These employees and their covered dependants will not be subject to annual deductibles for doctor office visits. Reimbursements will be subject to the following schedule:
 - a. Hospitalizations will be covered at 100%.
 - b. Maximum out-of-pocket costs per covered individual will be \$700 a year or \$2,000 per family.
 - c. Preventive care such as annual physicals and on-going baby care, immunizations, vaccines, flu shots, and other tests or procedures that are medically appropriate for people at various stages of life will be covered subject to the 20% regular coinsurance requirement.

Out-of-Area (PPO-Preferred Provider Organization) - Core

1. These employees and their covered dependants will be subject to annual deductibles for doctor office visits of \$150 a year or \$300 per family. Reimbursements will be subject to the following schedule:
 - a. Hospitalizations will be covered on a shared basis with the employee paying 10% and the plan, 90%.
 - b. Maximum out-of-pocket costs per covered individual will be \$2,000 a year or \$4,000 per family.
 - c. Preventive care such as annual physicals and on-going baby care, immunizations, vaccines, flu shots, and other tests or procedures that are medically appropriate for people at various stages of life will be covered subject to the 30% regular coinsurance requirement.

Prescription Plan

The prescription card schedule of payments provides incentives for using generic drugs where possible. The new plan will fill orders for generic drugs

for \$7 per order, preferred name brands for \$16 and non-preferred name brands for \$22.

Dental Plan – Buy-Up

The Buy-Up dental plan has the same coinsurance level for network and non-network physicians. The reimbursement schedule follows:

Calendar year plan maximum in and out-of-network is unlimited. The deductible for individual/family is \$50 per individual. The coinsurance levels for the following services for in-network and non-network care is: Preventative: 100%, Basic: 80%, Major: 50%, Orthodontic services: 50%. All plan payments are subject to reasonable and customary limits.

Dental Plan – Core

The core dental plan has different coinsurance levels for network and non-network physicians. The reimbursement schedule follows:

The maximum plan benefit in a calendar year in-network is \$1,000 and out-of-network is \$750. Deductibles are for an individual \$100, and family \$200. The plan will pay (coinsurance levels) for the following services: Preventative care in-network 100%, out-of-network 85%, Basic in-network is 70%, out-of-network 55%, Major in-network 40%, out-of-network 30%, Orthodontic services in-network 40% and out-of-network 40%. All plan payments are subject to reasonable and customary limits.

The coordination of benefit provision on all plans is non-duplication of benefits and the birthday rule.

Effective June 1, 2003, the plan began coverage of an employee's same-sex domestic partner at the rates established for employee and spouse. It is understood and agreed that such coverage is available only to same sex domestic partners who are precluded by statute from marriage in the jurisdiction of personal residency and, akin to the Plan's requirement for proof of marriage, is further contingent upon the employee's submission of written evidence that a domicile has been established jointly with a same sex partner who shares the domicile's obligations for expenses and maintenance.

Regarding disputes that may arise concerning health insurance coverage for employees covered by the AP-NMG contract, the following applies:

The present POS agreement with the insurance carrier includes a specific grievance and appeals system to handle employee problems and/or concerns

regarding medical claims. Nothing herem is intended to supplant or alter those procedures.

The employer will actively participate as necessary in the appeals process to make certain that a fair and complete review is conducted by the carrier on any employee grievances and that the employee's interests and rights are protected under terms of the plan.

The employer agrees to closely monitor the disposition of all such disputes on an ongoing basis. It is agreed that an annual dispute review meeting, with the carrier and the union present, shall be held. The purpose of this meeting shall be to discuss the operation of the plan and to uncover trends that may need to be addressed. In addition, the disposition of employee grievances and resolutions will be reviewed.

In those cases where the internal grievance process of the carrier has been exhausted, and the individual remains unsatisfied, he or she may bring the dispute to the company and the union for review and consideration at this meeting. However, nothing herein entitles the employee to pursue medical and benefits disputes through the arbitration procedure of the collective bargaining agreement.

If this letter accurately sets forth our agreements on this subject, please countersign below and return a signed copy of the letter to me.

Editorial Training Side Letter

December 21, 2005

Mr. Tony Winton, President
News Media Guild, Local 31222, TNG-CWA
424 West 33rd Suite 260
New York, NY 10001

Dear Tony,

To help our journalists maintain their prominence and viability in a rapidly changing industry, the AP remains committed to its longstanding tradition of providing training and education for its global staff, including those within the News Media Guild's editorial bargaining unit.

We start with the principle that employees who understand all aspects of media work are able to perform their own work better and are more capable of contributing to a fully integrated, collaborative and successful news report. *The journalist's essential skills, job duties and responsibilities have not changed, but the tools necessary to do the job continue to evolve.*

Therefore, in order to help our employees remain effective journalists with up-to-date skills, and to keep the AP competitive, the AP will continue to provide a broad range of training that includes but is not limited to work in multimedia formats.

The value of this training will be no less than \$1 million per year for the duration of the contract, barring exigent circumstances.

Training may be internal or external. To the extent possible, training will take place during regular working hours, or the AP will pay employees according to contractual overtime provisions. Employees will not be suspended, discharged, or otherwise disciplined because of their inability to perform new work for which they have not been trained.

Upon written request, the AP will meet with up to three (3) Guild representatives every six months to discuss employee concerns, preferences and inquiries on AP training programs. *Employee participants in these meetings will not suffer a loss or reduction in regular wages because of time spent in such meetings with the AP's representatives.*

EU-68

Training will be provided to employees based on their current skills and assignments and strategic position of their bureau or department, as determined by the AP.

Sincerely,
Jessica L. Bruce

Stock Photography Revenue Share Agreement

December 21, 2005

Mr. Tony Winton
President
News Media Guild, TNG/CWA

Dear Tony,

This letter confirms that any Associated Press staff photographer may, in his/her sole discretion, offer the AP Images Catalogue stock-type photography, which is unrelated to the AP's normal news journalism work and which is shot by the photographer voluntarily during his/her off-duty hours from normal assignments. No photographer is required to shoot stock-type photographs and any time spent in such endeavors shall not be considered work time for any purpose. As always, employees who are off duty should consult with a photo or news editor regarding the coverage of spot news and, if authorized, will be compensated according to the collective bargaining agreement's wage and overtime provisions for all time spent in the coverage of that event.

A photographer may utilize the AP-owned cameras and photographic gear that has been issued to him/her in order to produce these generic stock-type images. It is understood and agreed, however, that a photographer may not otherwise use his/her AP issued equipment during off-duty hours or to cover news, sporting or entertainment events, unless it is for the coverage of an AP authorized work assignment.

If the AP, in its sole discretion, accepts the images for inclusion in the catalogue, then the AP will share thirty-five percent (35%) of the gross revenue derived, if any, from the sale of those images. Photographers will be paid monthly based upon payments actually received during the prior month. No revenue will be payable to the photographer unless and until the customer pays the AP for the images.

The AP will exclusively represent, license and sell the images through its global image licensing group for as long as the photographer remains employed by The Associated Press. Bargaining unit employees assigned to the sale of such images will continue to derive the commissions established for such sales under Article 11, Section S of the collective bargaining agreement.

EU-70

ment.

Any photographer whose images have been selected by AP for inclusion in the catalogue will retain the copyright to any and all such images. Upon conclusion of employment with the AP, the AP agrees to continue to include and offer for sale those images within its catalogue and will continue to share thirty percent of the revenue with the former employee so long as he/she continues to provide AP with an exclusive license. After the conclusion of employment, should the photographer elect to sell the images independently or to offer a license for the sale of the photos to another stock photography catalogue or reseller, then the images shall remain available within the AP's catalogue and the revenue share from any sale of the image will be ten percent (10%) because of the withdrawal of the exclusive license for sale.

Dear Jessica:

This confirm our understanding on steps The Associated Press will take with Guild-covered sales staff on a routine basis in an effort to broaden the sale of AP photos.

TECHNOLOGY UNIT AGREEMENT

May 19, 2003 – November 30, 2008

PREAMBLE

This Agreement is entered into at New York, N.Y., on the 21st Day of December, 2005, by and between THE ASSOCIATED PRESS, a New York corporation hereinafter referred to as the "Employer," and the NEWS MEDIA GUILD, a local, No. 31222, chartered by THE NEWSPAPER GUILD-COMMUNICATIONS WORKERS of AMERICA, hereinafter referred to as the "Guild," or "Union," for itself and on behalf of all employees of The Associated Press described in Article 1, for whom the Guild is the exclusive collective bargaining agent.

Article 1 - COVERAGE

1. This agreement covers all Technicians, Broadcast Engineers and Customer Relations Specialists of Associated Press System engaged in the operation, maintenance and installation of all equipment owned or leased by the Employer in its leased wire and/or wireless news, picture and radio services within the United States, including such services operated for wholly owned American subsidiaries, but excluding operation of non-photographic facsimile recorders and specifically excluding the following positions: AP officers, S&T management including S&T managers, assistant S&T managers, senior network operations center managers, network operations center managers, systems engineers, technology specialists and all employees represented by Local 31222, News Media Guild's Editorial Unit contract.

2. The type of work normally performed within the bargaining unit by employees covered in Section 1 of this Article, namely the operation, maintenance and installation of all equipment owned or leased by the Employer, shall be performed by employees covered by this Agreement. Such work or work of the same type but serving the same function, whether performed by presently or normally used processes or equipment or by new or modified processes or equipment, shall be assigned to the employees covered by this Agreement, provided that nothing in this Agreement shall be construed as barring the Employer from discontinuing any of its present operations or effecting technological changes in its operations or as barring non-union employees in the categories excluded from this Agreement under Section 1 of this article from continuing to perform the work done by them as part of

their normal function.

Specifically, respecting excluded personnel who are also trained technicians, nothing in this article shall prevent them from managing, directing, supervising, overseeing and participating in tasks associated with the operation, maintenance and installation of all equipment owned or leased by the Employer. However, such participation shall not result in a numerical staff reduction of the employees covered by this Agreement, nor shall it result in any loss of regular pay or removal from entitled classification or forced transfer from any bureau or department and, further, such participation in operation, maintenance and installation of equipment shall not include full-time bargaining unit work or assignment to special events on a full-time basis without the assistance of employees covered by this Agreement.

3. The "Associate Status" described in First-F of the parties' predecessor agreement shall be discontinued, effective with the signing of this Agreement.

4. With the exception of Broadcast Engineers and Customer Relations Specialists on the AP payroll at the time of the signing of this agreement, all employees covered by this Agreement shall be and remain members of the Union within thirty (30) days after the execution of this Agreement or within thirty (30) days after hire, whichever is later. Current Broadcast Engineers and Customer Relations Specialists have the option to choose whether they will become members of the Union but future hires in either category will be required to join the Union. Employees listed in Appendix A who become members of the Union shall maintain such membership for the duration of this Agreement and extensions thereto.

5. On or before August 1, 2006, Employer agrees that in order to remain excluded from bargaining unit coverage, Services & Technology Managers and/or Assistant Services & Technology Managers must directly supervise at least four (4) bargaining unit employees within the same state or in adjoining states.

6. It is agreed that upon written notification to the Employer that any employee is not a member in good standing where Union membership is required by this Article, such employee shall be suspended from service within not to exceed two (2) weeks and shall not be permitted to work until the Employer is notified by the Union that the employee is in good standing with the Union.

Article 2 – CHECK OFF

Upon a regular employee's voluntary request, the Employer shall deduct such an employee's Union dues, and/or assessments, according to a certified schedule to be furnished by the Union from time to time, from the employee's salary account, unless such authorization is revoked in writing by the employee.

Such sums shall be paid to the Secretary-Treasurer of the News Media Guild not later than two (2) weeks after the deductions have been made.

Such request shall be made to the Treasurer of the Employer on the following form, to be supplied by the Union:

Such sums are to be paid to the Secretary-Treasurer of the Guild not later than two (2) weeks after the deductions have been made.

This assignment and authorization shall remain in effect until revoked by me, but shall be irrevocable for a period of one (1) year each from the date appearing below or until the termination of the Collective Bargaining Agreement between yourself and the Union, whichever occurs sooner. I further agree and direct that this assignment and authorization shall be continued automatically and shall be irrevocable for successive periods of one (1) year each from the date appearing below or for the period of each succeeding applicable Collective Bargaining Agreement between the Employer and the Union, whichever period shall be shorter, unless written notice of its revocation is given by me to the Employer and to the Union by registered mail not more than thirty (30) days and not less than fifteen (15) days prior to the expiration of each period of one (1) year, or of each applicable Collective Bargaining Agreement between the Employer and the Guild, whichever occurs sooner. The Employer also shall supply the Guild annually, on request, a list of employees grouped by bureau and by department.

4. Up to thrice annually, upon Guild request and in a format specified by the Guild, where practical, the Employer will supply the Guild with a payroll list of employees covered in the unit and grouped by classification, and identified by bureau and department. This list will use names, date of birth and include minority grouping, service entry date, full years of service, experience anniversary date, weekly salary, date and amount of last merit increase. Also, at the same time, the Employer shall furnish a participation status report (showing the total number of participating employees) on the health, contributory group life and pension plans. By July 15 of each year, the AP will provide to the Guild a numerical breakdown of women, blacks, Hispanics, Asians, Native Americans, disabled persons and Vietnam Era veterans of the bargaining unit to the best of AP's knowledge.

5. The Employer shall supply the Guild no later than each June 1 the following information with respect to the Revised Retirement Plan for employees of The Associated Press represented by the Guild:

- (a) A list of all pensioners in the plan as of the preceding January 1. Such list shall include the date of birth, date of retirement, length of service and amount of benefit
- (b) A list of "inactives" in the plan.
- (c) The annual valuation of the plan as prepared by the actuary.

Article 4 – GRIEVANCE PROCEDURE

1. The Guild shall designate a committee of its own choosing to take up with the Employer or its authorized agent any matter arising from the application of this Agreement or affecting the relations of the employee and the Employer.

2. Grievance procedure shall be initiated at the S&T Manager or depart-

ment head level, where every reasonable effort shall be made to resolve the differences, except that grievances concerning a dismissal or alleged violation of Article 6, Section 3 of this contract may be taken directly to the national level. The grievance must be submitted in writing to the Employer within 90 calendar days of the occurrence of the event complained of, or in the case of a suspension, within 90 calendar days after written notice of the suspension is delivered to the Guild office in New York. A copy of the letter of suspension shall be sent to the Guild office within 14 days. Provisions of this article and Article 5 shall not apply on any grievance submitted more than 90 calendar days after the occurrence of the event complained of. The Guild agrees to inform the Employer in advance of the nature of the grievance. This information, to be supplied in writing, shall include pertinent details of the grievance, such as the names of the employees involved, the dates and, in cases of claimed contract violations, the article or articles on which the grievance is based. Once the grievance notification has been given, the grievance shall be settled only through grievance procedure set forth in this article or Article 5; however, only disputes in which it is claimed that an article or articles of this Agreement have been violated may be submitted to arbitration.

(a) In cases of grievances involving claims of continuing violations, the remedy period shall be limited to 90 days prior to the filing of the grievance.

3. The Employer agrees to meet with the committee within five calendar days after request for such meeting is received in writing as provided in Section 2 above. A maximum of two members of the grievance committee shall be given time off for such meetings, or more if by mutual agreement. If the Employer denies the grievance at the local level, the Guild shall be notified in writing within five calendar days of the last local meeting.

4. The Employer agrees to meet with Guild representatives at the national level on any grievance not settled after reasonable effort at the local level, provided, however, that such request for a meeting at the national level must be made within 45 calendar days of the written denial at the local level. Every reasonable effort shall be made to resolve the differences. No grievance may proceed to arbitration under this article or Article 5 (Arbitration) without a national grievance meeting and, further, provisions of this article and Article 5 (Arbitration) shall not apply on any grievance submitted at the national level more than 45 calendar days after the written denial at the local level. The Employer agrees to meet with Guild representatives at the national level within five calendar days after written notice to the Employer

stating the nature of the grievance, unless this time is extended by mutual consent. A maximum of three members of the grievance committee shall be given time off for such meetings. If the Employer denies the grievance at the national level, the Guild shall be notified in writing within five calendar days after the last national level meeting on the dispute.

Article 5 – ARBITRATION

1. On the written demand of either party there shall be submitted to arbitration (the procedure for which is set forth below) all disputes arising out of the application of this Agreement, provided, however, that nothing in this Agreement shall obligate the Employer to arbitrate any issue arising out of the Employer's sole responsibility to determine the size and composition of its staff, assignment or reassignment, promotion or demotion of personnel, including correspondents, within the Employer's office or offices in the same city or town as long as the employee's salary and classification are not changed; provided further, however, this does not preclude arbitration of disputes which may arise under Article 8 (Normal Work) insofar as that article relates to "no imposition of any unreasonable amount or type of work on any employee," or under Article 6 (Job Security), Section 3.

2. No grievance or dispute may be submitted to arbitration more than 45 days after the written notice of denial on the national grievance level (as described in Article 4, Section 4). In no case, however (rules of the American Arbitration Association notwithstanding), shall an arbitrator be appointed to rule on the issue of arbitrability of any matter arising out of the application of this Agreement if the demand for arbitration is filed after the above time limit is expired. This time limit may be extended by mutual consent.

3. In the event either party raises an issue of arbitrability, excepting the stipulation in Section 2 of this article, the arbitrator appointed shall first rule on the arbitrability issue before proceeding to determine the merits of the dispute if he/she determines the issue to be arbitrable.

4. A grievance under this article shall be submitted for arbitration only by written notice from the complaining party setting forth the grounds of the complaint. Such arbitration shall be conducted according to the voluntary labor arbitration rules of the American Arbitration Association, excepting the stipulations in Sections 2 and 3 of this article. The decision of the arbitrator in any such arbitration shall be final and binding, and the expenses of such arbitration shall be borne equally by the parties, except that no party shall be obligated to pay any part of the cost of a stenographic transcript without

express consent.

5. All arbitration demands shall be filed with and administered by the New York City office of the American Arbitration Association. The Association shall provide the parties with a panel of qualified arbitrators from that location and office. After discussion, the parties shall determine the most appropriate and efficient location for the hearing. In the absence of agreement, the hearing shall be conducted in the city that serves as the control bureau for the location where the grievance arose. Any subsequent days of hearing shall be conducted on an alternating basis between the location preferred by the Guild and the location preferred by the Employer.

Article 6 – JOB SECURITY

1. There shall be no dismissals except for just and sufficient cause. The Guild and the employee shall be notified in writing at least four weeks in advance of any dismissal, with the reason for the dismissal stated in such notice, except in cases of proven financial dishonesty, gross insubordination, gross neglect of duty, or gross misconduct in the performance of his/her duties, or where discharge is self-provoked for purposes of collecting dismissal indemnity. In the latter specified instances oral notice will be supplied to the Guild by the Employer. The Employer may pay four weeks' salary in lieu of notice to the individual.

Remaining technicians must be A+ certified by 11/01/2006 and Network + certified by 5/01/2007. Failure to be certified shall result in termination for poor performance with the half indemnity specified in Article 7 (Dismissal Indemnity/Severance).

2. There shall be no dismissals by reason of putting this Agreement into effect. There shall be no reduction in salaries (including bases and rates for computing commissions) except as may be qualified by Articles 25 (Military Service) and 10 (Advancement Opportunities) or by return to their regular assignments of employees who have been temporarily transferred to higher classification work. At the employee's request, and by agreement of the Employer, an employee may be transferred to an assignment of lesser responsibility or compensation.

3. There shall be no discharge of or other discrimination against any employee because of his/her membership or activity in the Guild. There shall be no interference or attempt to interfere with the activities of the Guild. There shall be no discrimination as to age, sex, sexual orientation, race,

TU-92

creed, color, national origin, disability or status as a Vietnam Era veteran to the extent prescribed by law.

4. An employee may be employed for a trial period not to exceed nine months and may be discontinued at any time during such trial period with three weeks' notice or three weeks' pay in lieu of notice. The Employer has the sole right to make this determination, and further, the provisions of Article 5 (Arbitration) shall not apply to an employee discontinued during his/her trial period. Within 10 days after the employee has completed three months, five months and eight months of employment, the employee shall receive a written evaluation from his/her supervisor. If the second evaluation is not provided by 10 days after the five-month anniversary, the trial period shall be ended. Nothing shall prohibit the Employer from lifting the trial period at any time. Former employees rehired shall undergo a trial period not to exceed three months. Military service shall not count in the computation of the trial period.

5. The Employer shall give regular employees displaced by the transfer of a particular function of a bureau or department the option of accepting a transfer with the function to another bureau or department or accepting dismissal indemnity in lieu of a transfer. In case of the cessation of functions of a bureau or department, the Employer shall offer transfers to the regular employees affected or, if unable to do so, shall reduce the force. Should the employee decline a transfer or be released by reduction of force he/she shall receive dismissal indemnity as provided for in Article 7 (Dismissal Indemnity/Severance), Section 5. Acceptance of dismissal indemnity by an employee under either of the conditions set forth above shall be entered on the records as a resignation.

6. In the case of a reduction in staff, the Employer will follow established practice of giving due weight to the seniority of the employees in the same classification in the bureau or department in selecting the employee to be discharged. Specifically, where the senior employee is qualified for the work available, the employee with the least seniority in the affected classification will be selected.

7. Employees dismissed under Sections 5 and 6 of this article shall have their names placed for eighteen (18) months on a preferential list for re-employment in the particular bureau or department concerned and shall be re-employed if a vacancy occurs during that period. Seniority shall prevail on re-employment where employees are qualified for the available work.

8. The Employer will give the Guild not less than six months' notice prior to the installation of new equipment or machinery generally referred to as automation, provided that such installation would result in a reduction of the staff. The Employer will continue its policy of accomplishing any such reduction in staff by attrition, if possible. All employees displaced may elect termination with dismissal indemnity as specified under Article 7 (Dismissal Indemnity/Severance), Section 5. Employees with not less than five years' continuous service may apply for existing vacancies in other related classifications within the jurisdiction of the Guild. If such employee is not qualified in the opinion of the Employer for the position sought, the Employer will give a minimum of three and no more than six months' paid training for the new related classification at a rate of pay not less than the beginning scale for the new classification, or at the pay in the employee's old classification, whichever may be higher. In the case of employees who do not elect any of the above options, the Employer agrees to pay school fees or tuition not exceeding \$4,000 per employee for training for other work in a school or institution duly accredited under the Veterans Re-adjustment Benefits Act of 1966 or at another institution acceptable to the Employer. Under this option the employee would receive dismissal indemnity and terminate Associated Press employment.

9. The Employer shall furnish employees a copy of any commendation, criticism, rating or formal comment regarding their overall performance simultaneously with its being placed in the employee's personnel file. The employee shall be entitled to file a response, which the Employer shall place in his/her personnel file. Upon request, each employee shall receive an assessment of his/her qualifications for advancement. Each employee in every classification covered by this Agreement shall receive a personnel evaluation once annually on one of four set dates: March 1, June 1, September 1 or December 1, followed by a conference with the employee's S&T Manager or department head. The employee shall be given a copy of the written annual appraisal to be placed in his/her personnel file, and shall have the right to have a written response entered with it.

10. Employees shall not be suspended, discharged, or otherwise disciplined because of their inability to maintain or operate equipment on which they have not been trained.

11. It is agreed that employees should be appropriately attired for the assignment they are on and the geographic area in which they work. The Employer agrees that if an unexpected assignment requiring construction type attire occurs, they will compensate the employee for any damage to their clothing.

Article 7 – DISMISSAL INDEMNITY/SEVERANCE

1. Except as noted in this article, dismissal indemnity shall be paid to any employee who has completed the trial period and who is discharged, in addition to four weeks' notice of discharge, provided the employee executes a separation agreement and general release of all claims against the Employer except timely filed grievances under this Agreement.
2. Except as noted herein, dismissal indemnity shall be paid in a lump sum at the rate of two weeks' of pay for the first six months of service, plus one week's pay for each subsequent full six months of continuous service up to a maximum of 72 weeks' pay for 426 months or more of continuous service. Employees who are terminated for poor performance will be paid dismissal indemnity in a lump sum at the rate of one (1) week's pay for each full 12 months of continuous service up to a maximum of 36 weeks' pay for 426 months or more of continuous service with the Employer.
3. Indemnity shall be based on the highest regular weekly salary received by the employee during his/her last continuous employment with the Employer.
4. Dismissal indemnity need not be paid to any employee discharged for proven financial dishonesty, gross insubordination, gross neglect of duty, or gross misconduct in the performance of his/her duties, where discharge is self-provoked for purposes of collecting dismissal indemnity or where the employee does not execute a separation agreement and general release of all claims against the Employer except timely filed grievances under this Agreement.
5. Employees who are terminated due to staff reductions at a new or merged business within 24 months of an entity's acquisition by the Employer will be paid dismissal indemnity in a lump sum at the rate of one week's pay for each full 12 months of continuous service with the Employer up to a maximum of two (2) weeks pay. Except for those employees who are terminated within 24 months of an entity's acquisition by the Employer, anyone covered by this Agreement shall receive a severance payment equal to the dismissal indemnity schedule contained in Section 2 of this article if they are affected by a staff reduction. In addition, they shall receive payments based on the following schedule: two weeks' pay for employees with less than five years of service; four weeks' pay for those with five or more but less than 10 years of service; six weeks' pay for those of 10 years or more but less than 15

years of service; and eight weeks' pay for those of 15 years or more of service. In the case of an employee who worked for another entity at the time it was acquired by the Employer, service time and severance/dismissal pay eligibility shall be determined in accordance with the terms of the buy/sell agreement. But in no case shall the Employer pay any severance under this schedule unless the employee actually is separated from the Employer's service and the employee executes a separation agreement and general release of all claims against the Employer except timely filed grievances under this Agreement.

6. In the event of death before retirement, the Employer shall pay to a designated beneficiary, or the employee's estate if no beneficiary has been designated, an amount equal to the dismissal indemnity to which the employee would have been entitled on termination by the Employer at time of death, provided, however, that no such payment shall exceed \$7,500. The Employer may, however, deduct from the aforesaid amount the proceeds of any group life or casualty insurance to which the employee was entitled by reason of employment with the Employer.

Article 8 – NORMAL WORK

1. The Employer shall determine the size and composition of its staff and shall maintain an adequate working force at all times so that there is no imposition of any unreasonable amount or type of work on any employee. The Employer will take cognizance that additional duties imposed on employees will limit their ability to perform the amount of work previously done.

2. Should the Employer create a new job category or new job duty within the Guild's jurisdiction, the Employer shall notify the Guild and the parties shall negotiate a new minimum compensation. If agreement on minimum compensation cannot be reached, the controversy shall be submitted to final and binding arbitration under the procedure set forth in Article 4 (Grievance Procedure) and Article 5 (Arbitration). A change in the method of operation shall not be considered a new job duty unless such change materially alters the job function. It is recognized that the normal work of wage classification "A" employees covered by this Agreement requires newsgathering and newsreporting in all media formats, which does not materially alter job functions or require additional compensation. Nothing in this Agreement shall preclude the Employer from adopting technological advances in newsgathering, production, and/or distribution and such changes do not constitute new job categories or new job duties.

Article 9 – TRANSFERS

1. The policy of the Employer is to meet the needs of the service and, wherever possible, to provide wider opportunities for employees. Employees desiring transfer opportunities should make known their wishes in writing to their S&T Manager or department heads, with a copy sent to the Director of Human Resources in New York, to get them on record for consideration when conditions permit. Transfers to other bureau cities shall be made only by mutual consent of the Employer and the employee, and no employee shall be penalized for refusing to accept a transfer, except as specified in Article 6 (Job Security).
2. The Employer shall pay the transportation expenses of the employee, the employee's spouse, dependent children, same sex domestic partner as defined under the eligibility requirement for the company health plan and other dependents living in the employee's household at the time the transfer is offered, the transfer of the employee's household goods and effects, the total not to exceed an amount estimated by the employee and approved by the Employer in advance. The Employer also shall pay living expenses of the employee and aforesaid dependents until the employee finds adequate housing. Settling shall be done as expeditiously as possible, but in no case shall the Employer be required to pay living expenses for more than four weeks. Consideration shall be given by the Employer to those cases in which the need for living expenses exceeds four weeks.
3. In the case of a transfer, or under other circumstances when approved by the Employer, the Employer will pay expenses for one round trip of the transferring employee to the employee's former home as part of the settling agreement. If more than one such trip is required for settling, the Employer shall extend consideration to the affected employee for expenses incurred in the additional trips.
4. There shall be no reduction in salary because of a transfer, unless an employee exercises his/her option under Article 6, Section 2. However, an employee transferring to another bureau city shall receive the economic differential applicable to the city to which he/she is transferred; the employee will be informed in writing before the transfer of any change in the differential. No employee may agree to terms less than those provided by this Agreement.
5. The Employer shall not be bound by Section 2 above when an employee requests a transfer for personal reasons and the Guild office in New York

will be advised of any transfers made under this provision. A written request for transfer filed with the Employer as outlined in Section 1 of this article shall not of itself be considered a transfer request for personal reasons.

Article 10 – ADVANCEMENT OPPORTUNITIES

1. (a) Notices for the following promotional opportunities, whether or not covered by this Agreement, shall be posted by the Employer electronically or on clip or bulletin boards in all work locations nationally: S&T Manager, Assistant S&T Manager, Network Engineer, Technical Specialist and technician. These notices shall provide employees two weeks from the transmittal date to make application for the positions, except on those rare occasions when AP needs to fill a particular vacancy more rapidly, in which cases the Employer shall notify the Guild in writing. These notices shall be transmitted to the Vice President of NMG NTU or his/her designee.

(b) Notices for vacancies in all classifications not specified above shall be posted by the Employer on clip or bulletin boards in the bureau or department where the opening exists.

(c) Employees desiring transfer opportunities should make known their wishes, in writing, to their S&T Manager, with a copy sent to Human Resources in New York, to get them on record for consideration when conditions permit, as provided in Article 9 (Transfers). In such cases, the employee may also forward a copy to the S&T Manager in the location to which the employee seeks a transfer.

(d) The notices required by all subsections of this Section 1 that are required to be posted in New York City shall be posted on one centrally located bulletin board for the convenience of employees.

(e) The Employer shall retain the exclusive right to determine who shall fill any vacancy, subject to any applicable provisions of this article.

2. (a) For openings in the technician classification, preference over new applicants shall be given to the advancement of employees in lower classifications subject to the employees' ability to perform, with the Employer being the sole judge of the employees' ability.

(b) In all other classifications covered by this Agreement, preference shall be given to the advancement of employees in lower classifications subject to the employees' ability to perform. In selecting employees for advancement, the Employer will give preference to length of service.

(c) Nothing herein is intended to exclude other Associated Press employees from consideration.

3. Employees desiring an opportunity to advance to the technician classification may be given tryouts as specified below:

(a) If the tryout occurs because of a vacancy on the regular staff, the tryout period will not exceed six months, with the employee receiving performance appraisals after two and four months. In the event such employee proves able to perform such duties regularly, he/she shall be given the proper classification on a regular basis. If unable, he/she shall revert to the old classification and duties without loss of benefits to which he/she might be entitled.

(b) If the tryout occurs because of a temporary vacancy or project (such as vacation relief, disability relief or a leave of absence), the tryout period will not exceed nine months, with the employee receiving performing appraisals after three and six months. At the conclusion of such a temporary assignment, before the employee's return to the old classification, he/she will be provided with an appraisal of the work in the higher classification.

4. Employees desiring an opportunity to advance to classifications other than those specified in Section 3 above may be given tryouts for a period of three months, and will be given performance appraisals after one and two months.

5. The salary during such trial periods shall not be less than the employees' wages for their present classification, or the starting minimum in the new classification, whichever is higher.

6. Reassignment of an employee to higher classification work shall not be deemed a work schedule change calling for penalty payment under the provisions of Article 19 of this Agreement.

7. All Union employees shall be given every opportunity to advance their careers with the Employer and are encouraged to pursue outside educational opportunities. If a Union employee takes such courses, approved by the Employer in advance, the Employer shall reimburse the employee for said costs, either on successful completion of the course, or on interim reports, showing satisfactory progress. The course and the specific amount to be reimbursed must be approved by the Employer, in writing, in advance.

It is expressly understood and agreed, however, that should any employee resign within two (2) years after completion of the last course, examination or course materials paid for by the Employer for any employee's advancement toward eligibility, in whole or in part, for the certification differential payable under Article 11, then the employee must reimburse the Employer

from his/her terminal wages, accrued vacation and, if necessary, personal assets, for the pro-rata cost of the course work, written materials and/or certification examinations paid for by the Employer for the employee's benefit and on his/her behalf.

The Employer shall provide adequate training on equipment under the Technician's jurisdiction, including satellite communications systems and related equipment, and shall further provide, subject to availability, information (manuals, schematics, educational and trouble-shooting material) necessary to aid proficiency in servicing said equipment. Such training may be, but is not limited to, formal classes at the New Jersey Production Department. The Employer will use its best efforts to provide a list of such planned classes with as much notice as practical to allow employees to request training.

The Employer will establish the training schedule and employees' regular calendar workweek schedule may be modified accordingly without penalty. Upon completion of said training, the employees' schedule will revert back to their normal schedule at the beginning of the calendar week immediately following said training.

It is further agreed that, for the life of this Agreement, the Employer will provide \$1,000.00 per year to update the New Jersey Production Department Library, based on recommendations from the field.

Class A Bureaus – 11.41% (eleven point forty-one percent) of base salary or \$80.00 weekly, whichever is greater, applicable in Cranbury, New York City, Washington D.C., Boston, Chicago, Los Angeles and San Francisco. Effective May 19, 2003, the maximum Class A differential will be \$94.89 and will increase to \$96.79 on May 19, 2004; to \$99.50 on December 1, 2005; to \$102.66 on December 1, 2006; and to \$105.83 on December 1, 2007.

Employees working three-fourths (3/4) or more of the full work week shall be entitled to full seniority differential. Employees working at least one-half (1/2) but less than three-fourths (3/4) of the full work week shall receive one-half (1/2) of the seniority differential.

Certified Technicians

A Certified Technician is a technician who has successfully completed all of the prescribed courses and tests as outlined below and will receive the \$60.00 differential.

For the life of this Agreement only, any employee who attains a Microsoft Certified Software Engineer (MCSE) certification, or a CCNA (or CCNE) or such subsequent certification designated by the Employer shall receive a weekly differential of \$60.00. Employees who attain MCSE and CCNA (or CCNE) shall receive a weekly differential of \$100.00. Employees must maintain such certification at the intervals required by the certification authority in order to continue to receive the certification differential. The company will bear the cost of the initial re-certification examination. If the employee is not successful in retaining certification through the first examination, any subsequent cost to regain such certification will be at the employee's expense.

Any candidate who has been subject to any disciplinary action within the past 12 months will automatically be disqualified for selection. Of the remaining candidates, the AP will determine who is qualified for training based on recommendations from its managers and successful completion of introductory CBT coursework or its equivalent. Should this result in more candidates than needed for training, technicians with the greater seniority will take precedence.

Upon written request to and approval of the CBT administrator, employees, who otherwise meet the criteria for MCSE or CCNA (or CCNE) training and aspire to MCSE or CCNA (or CCNE) certification, will be afforded at least three (3) hours and up to five (5) hours a week for CBT training, operating conditions permitting.

Article 12 – SYSTEM SPECIALISTS AND SENIOR TECHNICIANS

1. System Specialists

A System Specialist is an employee who, by virtue of ability and experience, has been selected by the Employer to work in a "Technical Center" and has agreed to be so assigned.

A System Specialist will operate, maintain, and install the sophisticated equipment used in such centers. Typically, this would include VAX computers, Wide Area Network and leased line interfacing devices, digital carrier systems, satellite uplinking devices and other equipment nec-

essary to maintain the Employer's communications networks.

A System Specialist will receive a differential of \$86.70 effective 5/19/03, \$88.43 effective 5/19/04, \$90.91 effective 12/1/05, \$93.80 effective 12/1/06, \$96.69 effective 12/1/07 per week in addition to the normal Technician compensation, including all other differentials provided under this Agreement.

System Specialists' work schedules and assignments will be at the sole discretion of the Employer subject to provisions of Article 19, Hours, Overtime and Scheduling.

After an initial twenty-four (24) month period, a System Specialist desiring to transfer from the assignment may do so by providing twelve (12) months notice and requesting a transfer, under the provisions of Article 9 of this Agreement, to an assignment for which he or she was previously qualified.

2. Senior Technicians

A Senior Technician is a technician who, by virtue of ability and experience, is capable of providing guidance to other technicians in technical matters; can instruct new technicians; or can be assigned a schedule that supplements the Employer's need to provide coverage and insure stability of the communications network.

Senior Technicians will be appointed from among the qualified candidates by the Employer on the basis of criteria established by the Employer and will receive a differential of \$49.47 effective 5/19/03, \$50.46 effective 5/19/04, \$51.87 effective 12/1/05, \$53.52 effective 12/1/06, \$55.17 effective 12/1/07 per week including all other differentials provided under this Agreement.

Senior Technicians' work schedules and assignments will be at the sole discretion of the Employer subject to provisions of Article 19, Hours, Overtime and Scheduling.

In New York City and Cranbury, a Senior Technician must give a one (1) year notification before asking to be removed from that assignment. In all other offices, a Senior Technician must give at least six (6) months notification before requesting reassignment.

Upon twenty-six (26) weeks written notice and/or the equivalent differential pay in a lump sum, the Employer may reassign an employee from a Senior Technician assignment and return them to the regular work scheduling provisions.

Article 16 – INDIVIDUAL BARGAINING

1. It is the established policy of the Employer to grant salary increases to employees on the basis of individual performance and merit. Such policy may be continued and the Guild will limit its consultation thereon to verifying (a) the number and (b) the frequency of such increases. Distribution of individual increases during the term of this Agreement will conform to the normal practice of the Employer. - (b) A weekly allowance to technicians who use their own cars in their work, as opposed to a car leased by the Employer, such allowance being at least five times the daily allowance in Section 2 (a) of this article. The mileage reimbursement outlined in Section 2 (a) of this article shall apply to 50 miles a week for employees on such an allowance for making their automobiles available. Employees will provide one (1) week's advance written notice of an intention to resume business use of a personal vehicle.

(f) The Employer shall have the option of providing a leased vehicle in lieu of the mileage compensation rates and/or weekly minimums described above. The type of vehicle shall be at the sole discretion of the Employer however, no new vehicle with less than a four (4) STAR rating, as determined by the National Highway Traffic Safety Administration (NHTSA), will be provided as a regular replacement vehicle through normal advance ordering procedures. When circumstances dictate that a replacement vehicle is needed before it could be supplied via normal advance ordering procedures, or, in areas where all-wheel drive is selected a three (3) STAR rating will be permitted.

(g) Passenger cars provided will be either full size or intermediate station wagons or sedans. Again, these vehicles will not exceed the safety standard stated above and will be equipped with the same optional equipment currently provided, if available. We also pledge that we will not assign a compact or sub-compact car to any Technician except by mutual consent and that we will add no more than five (5) additional bureau cars to our fleet.

3. The Employer agrees to notify any affected employees 90 days in advance if a company vehicle is to be supplied for the employee's use. If an Employee is assigned a company vehicle on a regular basis, the Employer agrees to provide six months' written notice to the affected employee when the vehicle is to be withdrawn. If it is not possible to give the full six months' written notice, then in lieu of notice, the Employer will pay the Employee \$100 a month up to a maximum of \$600. The Employer will reimburse employees promptly for damage sustained by employee-owned vehicles in connection with assigned coverage of civil disorders, riots and insurrections. 5. The AP will replace damaged or stolen cell phones, cameras, laptops and/or digital recorders of Guild employees if the damage or theft occurred during the course of work for the AP and if the equipment was required for the assignment. Time worked in excess of seven and one-half (7½) hours but not more than eight (8) hours in any day shall be compensated for at straight time in cash. All time worked in excess of eight (8) hours in any day and forty (40) hours in any week shall be compensated for at time and one-half in cash, including such differentials as may be paid to the employee.

3. For the purpose of this article, a day off is defined as a minimum of twenty-four (24) hours, except where an employee's days off are split, in which case the minimum shall be defined as twenty-seven (27) hours.

(a) All employees shall be granted a meal break within one hour of the midpoint of the employee's shift, at the employee's option.

4. Employees assigned to the "early" shift or overnight shift tour and scheduled to work between the hours of 6 p.m. and 7 a.m. (local time) shall have a normal workweek of thirty-five (35) hours. The normal workday for such employees shall be seven (7) hours within seven and one-half (7½) consecutive hours.

at the overtime rate in cash, in addition to any other overtime worked that day. Any employee who works on his/her day off shall receive not less than a full day's pay at the overtime rate, provided, however, that part-time employees will receive overtime payment on a pro-rata basis only for time worked when not scheduled. Except when employees are on a day off or on vacation, employees shall work overtime when reasonably requested or required to do so.

6. Work schedules shall be posted on Friday, sixteen (16) days preceding the workweek for which they apply, without penalty. The Employer will pay four (4) hours at the overtime rate to each affected employee for each day until a late schedule is posted. The workweek shall be Monday through Sunday.

- (a) In unusual circumstances changes may be made within the first week of the 16-day notice period to meet situations previously unforeseeable.
- (b) In the week immediately preceding the workweek, schedule changes may be made only to meet (1) bona fide news emergencies resulting from unforeseeable and extraordinary news developments, or (2) staff emergencies arising because of the illness of one member of the staff or subdivision in a bureau or office where fewer than six technicians are assigned, or (3) staff emergencies arising because of illness of more than one member of the staff or subdivision in a bureau or office where six or more technicians are assigned.

An employee whose schedule has been changed shall be compensated at the rate of time and one-half for the first day of the changed schedule. An employee whose schedule has been changed shall be paid time and one-half for any overtime worked during the week in addition to the compensation for the schedule change.
- (e) Schedules may be changed without penalty during the workweek to cover the absence of an employee granted compassionate leave (Article 24, Section 6), union leave (Article 24, Section 4) or an FMLA leave (Article 26, Section 5).
- (f) Schedules may be changed without penalty to cover the absence of a person who resigns unexpectedly after a schedule has been

posted, or to accommodate a request for Guild leave when fewer than sixteen (16) days' notice has been provided by the Guild representative

- (g) All schedule changes shall be held to the absolute minimum possible, and in any instance shall involve as few employees as possible. In the event of changes under (a), (b), (d) and (e), the appropriate Guild unit representative shall be notified of such changes.

7. The Employer agrees to make every effort to maintain a regularity of daily working assignments, to give consecutive days off and to provide reasonable rest intervals between the end of a working day and the start of a new day. A minimum of twelve (12) hours shall be allowed in case of the latter. No employee shall be scheduled for more than two (2) different starting times a week, provided, however, that a variance of one (1) hour in either of the maximum two (2) starting times per week shall not be considered to be three (3) or four (4) starting times, nor shall it be a violation of this Section. However, once the second starting time has been established, there can be no return to the first starting time during the employee's workweek. No employee shall be scheduled for more than seven (7) consecutive days of work. The restrictions herein do not apply during weeks in which there are general elections or statewide primary elections.

8. Time spent in traveling on assignment shall be considered working time in the meaning of this Agreement. Nothing herein shall require the Employer to compensate the employee for sleeping time during travel.

9. Employees whose overtime assignments deprive them of adequate rest intervals before time to meet their next regular schedules shall be allowed reasonable latitude in reporting for the next regularly scheduled starting time, subject to the approval of the Services & Technology manager or department head in specific situations. Such approval shall not be unreasonably withheld. No deductions from regular salaries or differentials for such time as may be granted under the foregoing circumstances shall be made.

10. The Employer shall cause a record of all overtime to be kept. Such record shall be made available for inspection by the union upon request.

11. In determining overtime rates in this Article, the Employer shall include as part of the base salary for the day or week all differentials due the employee for the workweek in which the overtime occurs.

12. Technicians, who work alone in one-person bureaus, by mutual agreement may be exempted from provisions of Sections 6 and 7 herein. The Employer agrees that the exemptions are intended to give the affected employee broader discretion in setting his/her own working hours and shall not be used to avoid payment of overtime. The Employer recognizes the need for and encourages exempted employees to take consecutive days off and ensure rest intervals of at least 12 hours.

13. Any employee who agrees to be on-call to handle emergencies during hours a bureau does not have scheduled coverage shall receive a minimum payment of one (1) hour pay, at the overtime rate, for each consecutive eight (8) hour period.

If while scheduled to be on-call, the employee is required to respond to an emergency, in addition to the on-call differential, the employee shall be paid overtime in accordance with the provisions contained in this Agreement, travel time inclusive.

Article 20 – TEMPORARY EMPLOYEES

1. A temporary employee is one who is employed on a special project for up to nine (9) months or for the duration of any leave of absence specified in Article 24 (Leaves of Absence) or Article 26 (Sick Leave), the duration of which shall terminate upon the employee's return to work, whichever is longer. The Guild shall be notified in writing as to the nature of such a project and its duration. A temporary assignment can be made up of a combination of vacation, legislative and disability relief assignments provided the duration is not more than nine (9) months and the duration is specified from the start of employment.

2. Except when a temporary employee is retained to cover a parental leave, workers compensation leave or medical leave for a regular employee, an employee who works as a temporary a *total of nine (9) continuous months* or more shall be placed for eighteen (18) months on a first-on, first-off preferential list for regular employment. An employee who works several non-continuous temporary stints within the same bureau for a total of 12 months within an 18-month period shall be placed on a first-on, first-off preferential list for regular employment in that bureau. When such an employee is hired for regular employment and will be moving from one city to another, the Employer will reimburse the employee for transportation expenses for all members of his/her household as well as living expenses for one week in the city to which he/she is transferred.

3. Except as provided herein, the first nine (9) months of work as a temporary employee shall fulfill the trial period requirement of Article 6 (Job Security) and the employee shall not be dismissed without just and sufficient cause during the duration of the temporary project. Temporary employees retained to cover a regular employee's parental leave, workers compensation leave or medical disability leave in excess of nine (9) months shall not be deemed to have completed the trial period and will not be entitled to provisions of Article 6, Section 1 (Job Security) and shall remain an employee on trial period for the duration of the assignment. If a temporary employee is rehired, he/she shall receive full credit toward the trial period for the time previously worked. An employee with a six-month break in service may be required to undergo a minimum three-month trial period if the Employer requests such a period. A temporary employee transferred from one city to another city shall receive personal transportation expenses.

4. An employee who has worked as a temporary and becomes a member of the regular staff shall participate in the pension plan after a total of twelve (12) months of employment, regardless of how much of that time was spent on temporary status.

5. Any temporary assignment may be extended by mutual agreement of the Employer and the Guild.

6. Temporary employees shall not be employed where, in effect, their employment would eliminate a regular or full-time employee.

7. Article 22 (Holidays) will apply to temporary employees only if assigned full-time during the week preceding or the week following the holiday week, except that all work performed on a holiday will be compensated at the rate of time and one-half.

8. Time worked as a temporary will be counted for purposes of calculating vacation entitlements under Sections 3, 4 and 5 of Article 23 (Vacations) herein provided that any break in service between temporary assignments does not exceed twelve (12) months in length. Any vacation liquidated at the end of a temporary assignment will be subtracted from the calculated entitlement for the next year.

Article 21 – PART-TIME EMPLOYEES

1. A part-time employee is one who works regularly fewer than five days or less than 75 percent of a workweek. Part-time employees shall be paid on an hourly basis equivalent to the weekly wage minimum to which they are entitled by their experience, plus ten cents an hour, up to and including 75 percent of the workweek. Part-time employees shall receive all the benefits of this Agreement on a pro-rata basis except that those who work fewer than fifteen (15) hours per week shall not be entitled to coverage under provisions of Article 7, 23, 25, 27, 28, 29 and Article 30, Sections 2 and 3.

2. Part-time employees shall not be used where such use, in effect, regularly substitutes for full-time employees.

3. The termination of a part-time employee shall be subject to the arbitration process described in Article 5 (Arbitration) if the part-time employee has worked more than 150 assignments, including regularly scheduled assignments or any other assignments. However, in no event shall the arbitration process apply as described herein if the part-time employee has worked fewer than nine (9) months for the Employer.

4. The provisions of Article 6 (Job Security), Section 6 notwithstanding, part-time employees may be selected for discharge in a staff reduction before any full-time employees, except for temporary employees. In the case of a reduction in staff, part-time employees with at least two (2) consecutive calendar years of service with the Employer shall be placed for seven months on a preferential list for rehiring to a full-time position.

Article 22 – HOLIDAYS

1. The following days, or days observed as such, shall be considered holidays: New Year's Day, Martin Luther King Jr. Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

2. The employee's birthday will be scheduled as a holiday unless the employee requests a substitute day off. An employee also may select two additional days during the year as personal holidays, to be taken at times mutually acceptable with the Employer. In the case of a substitute birthday or personal days, the employee will notify his/her bureau chief or department head at least one month prior to the date of the desired holiday.

3. An employee may substitute any religious holiday for any holiday enumerated in Sections 1 or 2 above.
4. Personal days and the substitute birthday shall be taken during the calendar year. Any such days not taken by an employee in the year in which they are due may be scheduled by mutual agreement by March 31 of the following year, to be taken within the first six months of the year. In the absence of agreement, the company may set the schedule.
5. Any employee required to work on any of these days shall be paid (in addition to his/her salary for that week) at the rate of time and one-half or shall have compensating time off at the rate of time and one-half at the employee's option. Such compensating time off shall be scheduled by mutual agreement between the Employer and the individual. Any such days not taken by an employee in the year in which they are due may be scheduled by mutual agreement by March 31 of the following year, to be taken within the first six months of the year. In the absence of agreement, the company may set the schedule. If the company denies an initial request for use of a single day of CTO, then the company will approve the employee's subsequent request for use of a single day of CTO unless said subsequent request is for time off during a week that contains a holiday.
6. Any employee reporting for duty on any of these holidays shall receive no less than one day's pay at the holiday rate. When Christmas Day and New Year's Day fall on Sunday and are observed on Monday, any employee working on either the holiday or on the day observed as such shall be compensated at the holiday rate. However, when an employee works on both the actual and the legal holiday in either of those instances, he/she shall receive holiday premium compensation for only one day in each case.
7. If a holiday specified above falls during an employee's vacation, he/she shall be given another day off. Work done on a fifth day in a holiday week by any employee whose day off falls on a holiday shall be compensated for by the payment of a day's pay in addition to the regular weekly salary or by time off at the option of the employee.
8. Employees assigned to work after 6 p.m. on Christmas Eve or New Year's Eve shall receive an additional payment of one-half of the regular hourly rate for any hours of work performed after 6 p.m. (local time) on any regular trick which started before 8 p.m. on these holiday eves.

Article 23 – VACATIONS

1. Employees shall be on a calendar year basis for vacations, with all vacation to be taken in the calendar year in which it is due. The company may designate periods, where scheduled news conditions warrant, placing limitations on the number of people in a bureau or department who can be on vacation at the same time.

- (a) The company shall provide enough scheduling flexibility for employees to take their accrued vacation during the calendar year in which they are entitled.
- (b) Any vacation not scheduled by the employee by August 1 of the year in which it is due may be scheduled by the company to be taken by the end of the year. There shall be no forfeiture of vacation time under this article should the employer fail to schedule the unused time. The company will consider any special or unforeseen circumstances that may result in a need by the employee to reschedule the vacation, and permission to do so will not be unreasonably withheld.
- (c) An employee may begin vacation on any day of the week.
- (d) One (1) time annually upon written request, the company will schedule an employee's regularly scheduled days off at both ends of one or more weeks of vacation.
- (e) An employee may use a maximum of five vacation days in increments of one day or more; if the company agrees, the employee may use more than five days in this way. Requests for a full week or more of vacation may be given preference over requests for partial weeks.
- (f) An employee who is hospitalized while on vacation may substitute available sick leave for vacation for time spent in the hospital.
- (g) An employee who has exhausted his/her vacation entitlement may "borrow" up to five days from the next year's entitlement to care for an ill dependent or a same-sex domestic partner as defined under the eligibility requirement for the company health plan.
- (h) Managers must notify employees no later than December 1st that they may request vacation for the following calendar year. Vacation requests made from the date of notification until March 31st will be scheduled on the basis of seniority, with seniority calculated based on the employee's service entry date. All vacation requests after March 31st will be scheduled on a first-claimed, first-assigned basis. Scheduled vacations may be rescinded only to meet bona fide news or staffing emergencies resulting from unforeseeable and extraordinary news developments. If an em-

ployee's scheduled vacation is rescinded, the employer shall:

(i) reimburse the employee for the cost of any non-refundable hotel or transportation deposits, fees or tickets on behalf of the employee and members of his/her household who were traveling with the employee, upon satisfactory proof of loss.

(ii) allow the employee to reschedule the vacation by March 31st of the succeeding calendar year.

- (i) Employees must make all requests for vacation to business location's designated manager via e-mail at least three weeks in advance of the desired time off. The manager will communicate the approval or disapproval to the staffer promptly and will post an updated vacation selection schedule promptly so staffers will be aware which weeks remain available for selection. Requests for a full week or more of vacation may be given preference over requests for partial weeks.
- (j) If the vacation selection schedule is posted on AP's computer system, it shall be available to all employees for inspection.

2. Full-time employees shall be eligible as of January 1 following their employment for vacation with regular pay to be taken in the ensuing calendar year, computed on the basis of one working day of vacation with pay for each month or fraction of a month of continuous employment prior to said January 1. However, an employee entering the service on or before May 1 shall be eligible for only one week's vacation upon completion of five months of continuous employment, this week of vacation to be deducted from vacation due on January 1 following employment. Thereafter, full-time employees shall be eligible for two weeks' vacation with pay after each January 1, except as provided below, such vacation to be taken prior to December 31 in each calendar year.

Such "accrued" vacation credit shall be in addition to the earned vacation to which the employee was entitled as of the preceding January 1. Employees entering the service on or after January 1 in any year and whose services are terminated prior to the succeeding January 1 shall be entitled to receive payment of accrued vacation on a pro-rata basis for the year involved.

Article 24 – LEAVES OF ABSENCE

1. Applications for all leaves of absence under this article shall be addressed in writing, with the reasons stated, to the Department of Human Resources, at The Associated Press headquarters in New York, with a copy to be furnished to the appropriate S&T Manager or department head. If granted by the Employer, such unpaid leaves shall not be construed as breaks in continuity of service in the calculation of all benefits under this Agreement. Provided an employee returns to work within nine (9) months of the date he/she commenced his/her leave of absence or within the extended leave period permitted for parental leave under Paragraph 5 below or for sick leave under Article 26, then he/she shall be reinstated to the same or similar position in the same bureau or department. Employees who work in correspondencies who have taken a fellowship or sabbatical leave(s) under paragraphs 2 and 3 below and who returns to work beyond nine (9) months from the leave commencement date but prior to the maximum period permitted for said leave may be reinstated to a comparable bargaining unit position, within the control bureau or department for her/his prior position, rather than a position in the correspondence. Employees failing to return to work after the expiration of the applicable maximum period for said leaves shall relinquish all reinstatement and seniority rights. However, for purposes of Article 29 (Pensions), credit in service time spent on such leaves shall not be applied until the employee granted such leave has returned to full-time work with The Associated Press and remains in the employ of the AP for one year.

Unless otherwise provided by law, when an employee takes more than one leave of absence and/or sick leave consecutively, or commences another leave within 12 months of a prior leave, eligibility for reinstatement rights under this Article and/or Article 26 (Sick Leave), will be measured and aggregated from the date the first leave began. For the purposes of non-consecutive leaves within 12 months, periods of Guild leave, sick leave during which payments have been received from the Employer (as opposed to insurance benefits), and compassionate leave will be excluded from the ag-

gregate computation.

2. Employees qualifying for the following fellowships and educational seminars shall be granted leaves for them automatically: Nieman Fellowships (Harvard University); Kiplinger Mid-Career Program in Public Affairs Reporting (Ohio State University); Freedom Forum Asia Fellowships Program for Journalists (University of Hawaii); Michigan Journalism Fellowships (University of Michigan); John S. Knight Fellowships for Professional Journalists (Stanford University); Freedom Forum Media Studies Residential Fellowships (Columbia University); Alicia Patterson Foundation Fellowships; Knight-Bagehot Fellowship Program in Economics and Business Journalism (Columbia University); Yale Law School Fellowships in Law for Journalists (Yale University); National Arts in Journalism Program.

3. After 10 years of employment, and at 10-year intervals thereafter, an employee shall be granted, upon request, unpaid leave for a minimum of *nine (9) months and a maximum of two years with the expected duration of the leave indicated at the time the request is made.* A minimum of 90 days' advance notice shall be provided in writing. A minimum of 60 days' advance notice of an employee's return date will be provided to the Employer. Unless an employee has received the Employer's prior written approval to engage in specific work during a sabbatical leave, if during such leave the employee works in the news industry, the employee shall be considered to have resigned or retired, whichever is applicable, forfeiting any rights to return to his/her previous position under terms of this article.

4. In the event the employee is elected or appointed to any Newspaper Guild office or any successor international union, or in the event the employee is elected to represent the Guild or any organization with which The Newspaper Guild is affiliated as a convention delegate in connection with the business of his/her union, such employee shall be given a leave of *absence, without pay, should the employee request such a leave. In bureaus of fewer than 25 employees not more than two employees need be granted such leaves at any time.* Employees applying for such leaves will, except in emergencies, give the Employer at least two weeks' advance notice of such intention, and shall specify the expected duration of such leaves. Any change in the expected duration shall be called to the attention of the Employer as soon as possible.

5. (a) After nine months of continuous employment, employees may take up to 18 months of parental leave—with pay for one week—surround-

(b) If the employee elects not to return at the end of the leave, such action shall constitute a resignation. In the event of a transfer of a function, cessation of a function or reduction in force, an individual on parental leave will have the same rights as other employees under Article 6 (Job Security).

6. Compassionate leave with pay of at least three days shall be granted an *employee in the event of a death in the employee's immediate family, including a same-sex domestic partner as defined under the eligibility requirement for the company health plan, and in-laws, or in the event of a family emergency.*

Any employee who is or has been required to leave his/her post to serve or train with the United States military services or adjuncts or other services which fulfill his/her obligation or who volunteers or has volunteered for such service shall be deemed to be on leave of absence without pay and shall upon termination of such service be entitled to reinstatement to employment in accordance with the Uniformed Services Employment and Reemployment Rights Act and any other applicable federal laws.

2. Any employee who has been on such leave and who has complied with the foregoing conditions but is incapable of resuming employment because of physical or mental disability shall be paid his/her dismissal indemnity at the rate to which the employee would have been entitled had the employee resumed his/her job.

3. Any employee returning from military service shall be employed at the minimum salary for his/her years of experience in his/her classification prevailing at the time of the employee's return, or at the salary he/she received at the time of entering the service, plus all general increases granted during the employee's absence, whichever is higher. Employees returning to the service of the Employer under the foregoing conditions shall receive full experience credit for the time they were on such leave.

4. Any employee who has been on such leave and has returned to duty shall be credited with the experience rating to which his/her salary applied.

5. Dismissal indemnity rating and other rights under this Agreement will

be unimpaired; and the period of absence on military leave shall be considered service time with the Employer in computing dismissal indemnity credit, vacations and sick leave.

6. Any employee leaving for military service as herein described shall receive the proportionate amount of vacation pay or time to which he/she is entitled at the time the employee begins such leave.

7. Vacations for employees returned from military service of a year or more will be granted as follows:

- (a) Effective January 1 of the year following their return from military leave, such employees will be placed on a calendar year basis, their accrued vacation credit being computed pro-rata for the period between their return from military leave and the following January 1. For purposes of such computation, fractions of a month shall be considered a full month. Employees who have not earned as much as five days' vacation under the pro-rata formula above, shall be granted enough time to complete one week's vacation. This additional vacation grant shall not be counted as accrued vacation in calculating vacation credits due an employee in the event of termination of the employee's service. In succeeding calendar years their vacation credits shall be the same as for other employees of like service.
- (b) Such employees returning to the service of the Employer before May 1 in any year shall be eligible to take one week's vacation upon completion of five months of continuous employment; in the year following their return they shall receive the balance of their accrued vacation, which shall not be less than a week.

8. The foregoing provisions need not apply to an employee dishonorably discharged from military service.

9. An employee promoted to take the place of one entering such service may, upon the resumption of employment by such employee, be returned to his/her previous position and salary, but at not less than the then current minimum for that position. Any employee so promoted, and while such promotion is temporary, shall continue to receive credit for his/her employment in the experience rating in which the employee is classified. In the event of a subsequent permanent change in employment, and consequent change of classification, the employee shall receive full credit in his/her experience rating in such new classification for the period in which he/she already has been engaged in such new classification.

10. The provisions of this military service clause do not apply to replacement employees hired by reason of absence granted to regular employees for such service, but these replacement employees otherwise shall be covered by all provisions of this contract. Employees hired as military replacements shall receive dismissal pay if released because of the return of an employee from military service.

11. Any employee with more than one year of continuous service, whose military obligation demands attendance at a summer encampment or full-time training exercise or brief National Guard duty which in total would not exceed nine (9) weeks each year (or actual time, if shorter) would receive for the first three weeks of such service the difference between his/her military pay and allowances and his/her Associated Press salary, if the latter is higher.  - (c) Part-time employees who work more than fifteen (15) hours per week but less than thirty (30) hours per week shall be entitled to pro-rata sick leave benefits after two years of continuous service in such assignments, such benefits to be based on the above schedule beginning with (c). Part-time employees working thirty (30) hours or more per week shall receive sick leave benefits in accordance with the above schedule.
 - (d) A long-term disability plan has been established with an insurance carrier that will provide a disabled or ill employee, who meets plan requirements, with a payment equivalent to sixty (60) percent of regular salary. The maximum payment would be \$45,000 based on the plan's salary cap of \$75,000. The maximum payment would be reduced by any payments received from Social Security, the Company or workers' compensation. At age sixty-five (65), the long-term disability

ceases and the regular pension commences.

- (e) The Employer shall not be obligated to return any employee to a job if the employee has been on a leave for more than 3 years for any medical reason(s) related to an approved workers' compensation injury or illness or more than two (2) years when the leave is for any other approved medical reasons. Subject to the foregoing provisions, an employee shall be entitled to return to a comparable position, provided the employee remains qualified to perform the essential functions of the job, with or without reasonable accommodations.

2. The Employer shall give consideration to individual cases where employees suffer extended illnesses which exhaust their normal benefits as computed under the above formula.

3. No deductions shall be made for sick leave from dismissal indemnity or from overtime credited or to be credited to the employee.

- (b) The Employer may seek medical certification for absences of more than five consecutive working days. (A single doctor's note will cover intermittent absences due to a single serious health condition.) Under no circumstances will the medical certification requests exceed FMLA guidelines.
- (c) It is understood and agreed that any right to benefits or leave provided under this article shall be used and will be credited concurrently with and not in addition to any right provided under the FMLA and other federal law or state law on family, parental or compassionate leave (except bereavement leave).

6. The Employer and the Guild agree that all practical steps should be taken to guard against the filing of improper claims under the sick

leave plan detailed in this article. In the event the Employer requires doctors' notes to guard against individual cases of abuse of this article, the Employer shall inform the Guild of that requirement. Any employee who produces a fraudulent doctor's note or makes a fraudulent claim of illness shall be subject to discharge. Such situations shall be considered gross misconduct and dismissal indemnity need not be paid

7. For any period of disability related to pregnancy or childbirth, an employee will receive whatever sick leave benefits she may be entitled to under this article plus any additional amounts which may be required by law in the jurisdiction where she is employed.

As part of a continuing program to provide a workplace free of RSI and other injuries, the AP will:

Re: Health Plan Agreements

Dear Tony:

This will confirm our agreement regarding the managed care health program for Editorial Unit and Technology Unit employees:

The health insurance program consists of two plan options (Buy-Up and Core) where the Buy-Up option will offer a richer benefit (similar to the existing plan) and the Core option will offer a smaller employee contribution. The plans will have the following characteristics:

Point of Service (POS) – Buy-Up Option

1. The Buy-Up point of service (POS) arrangement will allow each covered individual to select a primary care physician who may serve as a gatekeeper to provide family medical care. Participants may also select any doctor whether they are in or out of the plan network.
- a. There will be no annual deductibles or claim forms for people using the POS managed care network. All medical services provided by the POS plan will be fully paid after the following participant co-payments at the time service is provided:
 - i. Hospital Admissions: \$100 co-payment.
 - ii. Emergency Room: \$50 co-payment (includes the cost of the attending physicians and diagnostic services such as x-ray readings). There is no coverage for non-emergency care in the emergency room.
 - iii. Doctor's office visits and urgent care: \$20 co-payment per visit.
There can be circumstances, such as pregnancy, where a (one-time) \$20 co-payment may be applied by the POS plan.

The POS plan includes Preventative Care, such as annual physicals and on-

TU-138

going baby care, on the same \$20 flat fee basis. Flu shots are available to employees annually free of charge from their PCP. (If the PCP submits a bill for an office visit, a \$20 co-pay will be required.)

2. Employees who live in areas served by the POS plan selected by the AP may elect at any time to go to a doctor or hospital not in the network, but will be subject to the following charges:
 - a. Expenses will be reimbursed after annual deductibles of \$300 per person and \$600 per family are applied to all "out-of-network" services.
 - b. All reasonable and customary expenses over and above the deductible—hospital, and doctor visits—will be on a shared basis with the employee paying 30% and the plan, 70%.
 - c. The maximum annual "out-of-pocket" cost will be \$1,850 per person, or \$3,700 per family.
 - d. Preventive Care mentioned for network participants will not be covered "out-of-network."
 - e. Claim forms will need to be filed with the carrier to obtain reimbursement for medical care obtained "out-of-network."
3. The AP will continue the "managed care" network for delivery of mental health and substance abuse treatment. Under the plan, a covered employee (or plan member) needing treatment for a mental health or substance abuse problem would call an 800 number. A service representative would talk to the member about the problem and refer him/her to a psychiatrist, psychologist or other provider in the member's community.

A member who makes use of a professional recommended by the network will receive benefits, which are 100 percent for in-patient care after a \$100 co-payment. For out-patient care, treatment is paid at 100 percent after a \$20 co-payment.

A member could choose to be treated by a non-network provider but would be subject to the charges described in Section 2 above.

The following annual visit limits will apply to POS, Out-of-Area, Core and Buy-Up plans: Chiropractic, Therapies and Mental Health Substance Abuse visits: 30 visits per calendar year. Home Health Care and Private Duty Nursing: 120 visits per calendar year.

Point of Service (POS) - Core Option

1. The Core point of service (POS) arrangement will allow each covered

individual to select a primary care physician who may serve as a gate-keeper to provide family medical care. Participants may select any doctor whether they are in or out of the plan network.

- a. *There will be no annual deductibles or claim forms for people using the POS managed care network. All medical services provided by the POS plan will be fully paid after the following participant co-payments & coinsurance at the time service is provided:*
 - i. *Hospital Admissions: \$150 co-payment and 90% coinsurance.*
 - ii. *Emergency Room: \$50 co-payment (includes the cost of the attending physicians and diagnostic services such as x-ray readings). There is no coverage for non-emergency care in the emergency room.*
 - iii. *Doctor's office visits: \$20 co-payment per visit for PCP: \$30 co-payment for Specialist.*

The POS plan includes Preventative Care, such as annual physicals and ongoing baby care, on the same \$20 (\$30 for specialist) flat fee basis. Flu shots are available to employees annually free of charge from their PCP. (If the PCP submits a bill for an office visit, an office visit co-pay will be required.)

2. The Core point of service (POS) arrangement will allow each covered individual to select a primary care physician who may serve as a gate-keeper to provide family medical care. Participants may select any doctor whether they are in or out of the plan network.
 - a. Expenses will be reimbursed after annual deductibles of \$500 per person and \$1,000 per family are applied to all "out-of-network" services.
 - b. All reasonable and customary expenses over and above the deductible—hospital, and doctor visits—will be on a shared basis with the employee paying 40% and the plan, 60%.
 - c. The maximum annual "out-of-pocket" cost will be \$5,000 per person, or \$10,000 per family.
 - d. Preventive Care will not be covered under the POS plan "out-of-network."
 - e. Claim forms will need to be filed with the carrier to obtain reimbursement for medical care obtained "out-of-network."
3. The AP will continue the "managed care" network for delivery of mental health and substance abuse treatment. Under the plan, a covered employee (plan member) needing treatment for a mental health or substance abuse problem would call an 800 number. A mental health professional would talk to the member about the problem and refer him/her to a psy-

chiatrist, psychologist or other provider in the member's community.

A member who makes use of a professional recommended by the network will receive benefits, which are 100 percent for in-patient care after \$150 co-payment. For out-patient care, treatment is paid at 100 percent after a \$20 co-pay.

A member could choose to be treated by a non-network provider but would be subject to the charges described in Section 2 above.

AP employees working or residing in areas not served by the POS network selected will be eligible to continue coverage under one of the two AP Preferred Provider Organization (PPO) plans (Core or Buy-Up) until the POS service area is expanded to include them.

Out-of-Area – (PPO-Preferred Provider Organization) – Buy-Up

1. These employees and their covered dependants will not be subject to annual deductibles for doctor office visits. Reimbursements will be subject to the following schedule:
 - a. Hospitalizations will be covered at 100%.
 - b. Maximum out-of-pocket costs per covered individual will be \$700 a year or \$2,000 per family.
 - c. Preventive care such as annual physicals and on-going baby care, immunizations, vaccines, flu shots, and other tests or procedures that are medically appropriate for people at various stages of life will be covered subject to the 20% regular coinsurance requirement.

Out-of-Area (PPO-Preferred Provider Organization) - Core

1. These employees and their covered dependants will be subject to annual deductibles for doctor office visits of \$150 a year or \$300 per family. Reimbursements will be subject to the following schedule:
 - a. Hospitalizations will be covered on a shared basis with the employee paying 10% and the plan, 90%.
 - b. Maximum out-of-pocket costs per covered individual will be \$2,000 a year or \$4,000 per family.
 - c. Preventive care such as annual physicals and on-going baby care, immunizations, vaccines, flu shots, and other tests or procedures that are medically appropriate for people at various stages of life will be covered subject to the 30% regular coinsurance requirement.

Prescription Plan

The prescription card schedule of payments provides incentives for using generic drugs where possible. The new plan will fill orders for generic drugs for

\$7 per order, preferred name brands for \$16 and non-preferred name brands for \$22.

Dental Plan – Buy-Up

The Buy-Up dental plan has the same coinsurance level for network and non-network physicians. The reimbursement schedule follows:

Calendar year plan maximum in and out-of-network is unlimited. The deductible for individual/family is \$50 per individual. The coinsurance levels for the following services for in-network and non-network care is: Preventative: 100%, Basic: 80%, Major: 50%, Orthodontic services: 50%. All plan payments are subject to reasonable and customary limits.

Dental Plan – Core

The Core dental plan has different coinsurance levels for network and non-network physicians. The reimbursement schedule follows:

The maximum plan benefit in a calendar year in-network is \$1,000 and out-of-network is \$750. Deductibles are for an individual \$100, and family \$200. The plan will pay (coinsurance levels) for the following services: Preventative care in-network 100%, out-of-network 85%, Basic in-network is 70%, out-of-network 55%, Major in-network 40%, out-of-network 30%, Orthodontic services in-network 40% and out-of-network 40%. All plan payments are subject to reasonable and customary limits.

The coordination of benefit provision on all plans is non-duplication of benefits and the birthday rule.

Effective June 1, 2003, the plan began coverage of an employee's same-sex domestic partner at the rates established for employee and spouse. It is understood and agreed that such coverage is available only to same sex domestic partners who are precluded by statute from marriage in the jurisdiction of personal residency and, akin to the Plan's requirement for proof of marriage, is further contingent upon the employee's submission of written evidence that a domicile has been established jointly with a same sex partner who *shares the domicile's obligations for expenses and maintenance*.

Regarding disputes that may arise concerning health insurance coverage for employees covered by the AP-NMG contract, the following applies:

The present POS agreement with the insurance carrier includes a specific grievance and appeals system to handle employee problems and/or concerns regarding

TU-142

medical claims. Nothing herein is intended to supplant or alter those procedures.

The employer will actively participate as necessary in the appeals process to make certain that a fair and complete review is conducted by the carrier on any employee grievances and that the employee's interests and rights are protected under terms of the plan.

The employer agrees to closely monitor the disposition of all such disputes on an ongoing basis. It is agreed that an annual dispute review meeting, with the carrier and the union present, shall be held. The purpose of this meeting shall be to discuss the operation of the plan and to uncover trends that may need to be addressed. In addition, the disposition of employee grievances and resolutions will be reviewed.

In those cases where the internal grievance process of the carrier has been exhausted, and the individual remains unsatisfied, he or she may bring the dispute to the company and the union for review and consideration at this meeting. However, nothing herein entitles the employee to pursue medical and benefits disputes through the arbitration procedure of the collective bargaining agreement.

This confirms what we have told the Guild that electronic card entry, electronic keypad entry, and computer sign-on, sign-off records are not used and will not be used as "time clocks" for the purpose of logging, tracking, or recording hours worked by an employee.

Pension "Pop-Up" Side Letter

January 9, 2006

Mr. Tony Winton, President
News Media Guild, TNG-CWA Local 31222
424 West 33rd Street, Suite 260
New York, N.Y. 10001

Dear Tony:

Effective January 1, 2006, The Associated Press will add a pop-up option to the pension benefit election options in the Revised Retirement Plan for the Technology Unit of The Associated Press represented by the News Media Guild.

This is a "joint-and-survivor" option that the employee may elect to receive a reduced benefit in exchange for a benefit to be paid to their spouse should the employee predecease him/her. The pop-up option allows an employee to elect a reduced joint and survivor benefit with a special provision; that should the spouse predecease the retiree, the pension "pops-up" to a higher level of benefit that has been actuarially determined.

Sincerely,

Jessica L. Bruce
Vice President and Director of Human Resources
